

# PARTY CHIEFS DECIDE ON NEW POLITICAL PARLEY

## RUSSIANS POUND BACK 5 ARMIES OF AUSTRIANS IN BIG DRIVE

Lemberg, Giant Teuton Fortified City, Objective of Slav Hosts

BERLIN, June 9.—The Germans today are driving the French from the east bank of the Meuse.

Sea Clash Off Zeebrugge  
LONDON, June 9.—British monitors battled German destroyers off Zeebrugge. No damage was done the British, it was announced today.

5 Armies Retreat  
LONDON, June 9.—Lemberg, the greatest fortress city in Northwest Austria, 150 miles from the fighting front, is the immediate goal of the gigantic Russian offensive, experts today believe.

Petrograd dispatches today said that five Austrian armies are now in full retreat.

Latins Defeat Austrians  
LONDON, June 9.—The Italians have gained in the Trentino region and in the Chiasso valley. The Austrians are weakening, reports received here today say.

Paris Admits Caillette Loss  
PARIS, June 9.—It was today officially admitted that the Germans have penetrated French lines in the Caillette woods.

Kaiser Pounds Hill 304  
LONDON, June 9.—The German artillery is now pounding Hill No. 304, one of the most important keystone sections on the Verdun front.

5 Teuton Armies Periled  
LONDON, June 9.—Special dispatches from Petrograd express the belief that the Russian successes against the Austrians are far more important than appear from the official announcement.

One correspondent says that "all five Austrian armies are on the eve of a general retreat and that Lemberg is in great strategic danger." It is asserted that a "strategic breach 100 miles wide has been blown in the Austrian front, involving the armies of General Count von Bothmer and General von Boehm-Ermolli and part of that of Archduke Joseph Ferdinand."

According to other dispatches, the Russian success is largely due to the unprecedented use of artillery, surpassing in intensity any previous efforts on either side on the eastern front. The retreat of many Austrian trench detachments was completely cut off by a curtain of shrapnel, through which it was impossible for any living thing to pass, and the Austrians were thus compelled to surrender en masse.

The Times estimates the Austrian losses at 200,000.

Lutsk Captured  
PETROGRAD, June 9.—The capture of Lutsk in Volhynia and also of a series of powerfully organized Austrian positions is announced in an official communication given out here.

In addition to the Austrians previously captured in the offensive movement recently inaugurated, the statement says there were captured in Wednesday's fighting fifty-eight officers and 11,000 men. A large amount of war material also was taken.

## ORDER FLOOD CONTROL MEASURE PREPARED

LOS ANGELES, June 9.—As an aftermath of a meeting of five members of the executive committee of the Southern Counties Flood Control Association at the Chamber of Commerce yesterday, a bill, aimed to incorporate the association's recommendations to the state legislature, is to be drawn up at once by Assistant County Counsel Charles Haas.

The document, if it meets the approval of the executive committee, will be presented to the lawmakers this fall.

Among the recommendations are the following: Each district shall contain one complete watershed; no money raised by taxation or special assessment on property in one district shall be expended in any other district.

If the estimated cost exceeds the estimated profits, the scheme will be abandoned. Otherwise the expenses will be met by a bond issue.

Those at the meeting yesterday were William Mead and F. E. Woodley of Los Angeles; P. E. Hatch, Long Beach; Francis Cutler, Riverside, and J. A. Sourwine, San Bernardino.

## JEALOUS WIFE POURS LYE ON EYES, FACE OF SLEEPING HUSBAND

SHERMAN, Texas, June 9.—Because she feared her husband was attractive to other women, Mrs. P. L. Cartright today poured lye in his face and eyes while he slept, destroying his sight and searing his face horribly. The wife was arrested.

THEODORE ROOSEVELT, two views of whom are shown in the top picture, is the man who put the "ticks" in politics. He is probably the most universally known man in the world. His platform is preparedness, with a capital "P"; "Americanism" of the people; unification of endeavor and social betterment. Heart and soul the Progressive National Party is with him. Charles Evans Hughes, former governor of New York and present justice of the supreme court, is shown in the lower picture. He was first mentioned for the presidency eight years ago. He steadfastly refused to be even a receptive candidate. Four years ago he likewise declined to take any active interest in politics. For more than a year Republican leaders have tried to make him "come out in the open" on whether he would accept the Republican nomination. They didn't succeed.

## TRAVELER COMPANION OF REX BEACH HOME FROM LONG SEA TRIP

SAN DIEGO, June 9.—Bringing a vivid and fascinating story of life among the San Blas Indians and of his experiences in quaint ports along the east and west coasts of Central and South America with Rex Beach, the author, as companion, Dr. Edward A. Salisbury, of Los Angeles, has arrived in San Diego aboard his trim ocean-going yacht Wisdom. The Wisdom has cruised 10,000 miles since she left New York, October 28, 1915.

Dr. Salisbury declared that Beach and himself are the only two white men who have ever been hosts of the famous San Blas Indians, whose life and customs Beach will soon depict in a new novel. Dr. Salisbury said: "The San Blas Indians are the least known of any of the aboriginal tribes inhabiting North and South America. It was this tribe of Indians that Columbus saw and conversed with on his third voyage to Central America."

"Beach and I managed to secure their good will by paying them a visit during the still hours of the night. They resented our intrusion at first. The San Blas Indian women go about their daily duties with their faces entirely covered. The men wear enormous earrings of solid gold."

"The San Blas Indians are not only the cleanest people on earth, but they also are probably the only race who eat exclusively from solid mahogany tableware and whose furniture also is exclusively made from the same expensive hardwood."

## PRETTY COLLEGE GIRL DRESSED AS TRAMP IS KILLED UNDER TRAIN

SAN BERNARDINO, June 9.—While disguised as a tramp in pursuit of her sociological studies, Miss Elizabeth C. Huber, aged 23, fell under the wheels of a freight train which she attempted to board here yesterday and died from her injuries at the County Hospital, where surgeons as they carried the supposed tramp to the operating table discovered the dying patient was a beautiful woman.

B. C. Huber, brother of the girl and a rancher at Owensmouth, arrived last night and told of his sister's ambition to gather material for articles on sociology. She graduated a year ago from the Radcliffe College of Cambridge, Mass. For five months she had been in San Diego visiting friends and studying sociological conditions. As she lay dying and perfectly conscious the girl quoted passages from the Bible. "I am ready," she said as she was told she would die. The girl had sacrificed her locks of hair to perfect her disguise.

## YAQUI DEATH RAIDS IN SONORA NUMEROUS

DOUGLAS, Ariz., June 9.—Reports that Yaqui Indians have been raiding ranches and small towns in the southern part of the Arizona district of Sonora have been officially confirmed here by Ives G. Lelevier, de facto Mexican consul. The consul said official reports in Agua Prieta state that killings have been numerous.

## FAVORITE SONS CHEERED MORE THAN HUGHES BY 'GUARD'

Nomination Oratory Launched At the Coliseum By Republicans

## DEMONSTRATION CAUSED BY MENTION OF TAFT

Reading of Initial Parley Report Causes Slight Enthusiasm

COLISEUM, Chicago, June 9.—One of the outstanding features at the Republican convention here today was the fact that, contrary to expectations, the favorite sons, upon being placed in nomination received greater demonstrations than those accorded Justice Hughes. When Governor Whitman of New York mentioned Hughes' name the cheering lasted twenty minutes, while the din following the nominating speeches of Sherman and Fairbanks and several others, lasted about thirty minutes.

## HUGHES MUST WIN EARLY, 'SONS' FORECAST

COLISEUM, CHICAGO, June 9.—That Hughes had to be nominated on the second ballot or he could not survive, was the belief of the favorite sons early today. The first ballot, it was believed, would be more or less perfunctory, the allies claiming the balance of power, 587. Hughes, early today, was expected to get between 175 and 200 votes at the end of the first ballot, when one hundred delegates would be released from voting for the favorite sons.

Frank Hitchcock announced his conviction that Hughes would be nominated on the third ballot. The first roll call of delegates would be more or less complimentary, and from then on the Hughes votes would gain, Hitchcock thought.

Ball Rolls at 11:13 A. M.  
Chairman Harding started things going at 11:13. He asked all to rise during the prayer of Bishop William McDowell. The bishop said:

"So guide us with Thy holy spirit that all our works that may be begun and continued and ended in Thee may respond to Thy glory."

The bishop besought: "We are here on the most important duty on the most important day that ever visited a gathering like this. What we do has more than party significance. It means more than the welfare of the convention means; it means vastly more to the world itself."

## Reads Parley Report

Senator Reed Smoot of Utah, chairman of the Republican harmony committee, read the report on the negotiations with the Progressives. The report said:

"The conferees were of one mind in believing that the good of the country and perhaps its future and influence in years to come depend on the control of the executive and legislative branches of government by those who firmly believe in and will execute the policies now heartily supported by Progressives and Republicans alike. The Progressive conferees were unanimous in urging with temperateness and fairness that Roosevelt had so large a personal following and so close a personal relation to the issues of the coming campaign as to make him the most desirable candidate upon which to unite."

## Nominating Under Way

The G. O. P. hosts received the report of the harmony committee between the Republicans and Progressives without any great amount of enthusiasm and promptly went ahead to nominate their candidate for the presidency.

Delegate Leon Weinberg of Maryland announced that he would attempt to introduce a resolution before the convention urging that an invitation be given to Roosevelt to come to Chicago and address it.

G. O. P. Cheers T. R.'s Name  
When Smoot read the report of the harmony conference, it was first received with complete silence, every delegate being anxious to hear each word.

When the senator read the phrase about frank and friendly relations and emphasized it with a gesture, the crowd began applauding vociferously.

His reading of the portion saying that Roosevelt was the most desirable candidate upon which to unite was greeted with a storm of applause.

There were a few cries of "We want Teddy," but mostly it was hand-clapping, punctuated by occasional waves of cheering.

Hughes in Nomination  
Whitman in nominating Hughes said:

"We bring you the name of a man trained in the battle for the truth. He

## EVENTS AT MOOSE CONVENTION TODAY IN WIRE FLASHES

10:00 a. m.—Progressives convene. Peace conference committee report read. Conservatives seek an adjournment until another conference is held. Radicals urge to move at once for the nomination of Roosevelt.

10:50—Convention begins the consideration of the platform before the conference report reading.

11:33—Peace committee asks the convention for permission to confer with Republicans again this afternoon.

12:21—Progressive convention did not act on conference report. Robins says that the committee is still in existence.

12:40—William E. Borah enters the Auditorium. He is cheered as he says that he wants to get inspiration and that he has not deserted the Republicans.

1:09—The convention recesses until 3 p. m.

3:26—The reading of the platform was concluded and its adoption was moved.

## HERE ARE EVENTS AT G. O. P. SESSION TOLD IN FLASHES

11:00 a. m.—Republicans convene. "Peace conference" committee report read. Nominating speeches begin.

11:13—The convention is called to order.

11:19—Bishop McDowell offered a prayer.

11:31—Smoot reads the report of the peace conference with the Progressives.

11:34—Smoot's statement that the Progressives believe that Roosevelt should be nominated is cheered. The delegates applaud for a minute and a half.

11:38—Harding calls for nominations. Alabama passes. Arizona yields to New York.

11:55—The loudest cheering comes with the mention of Taft's name. Cheering lasts five minutes.

12:12—Gov. Whitman of New York finished his speech for the nomination of Hughes, demonstration starts. Oregon, Vermont, Mississippi and Michigan join in the parade.

12:21—Demonstration now sporadic and dying.

12:31—Demonstration ended.

12:35—Nicholas Butler of New York begins his Root nominating speech.

12:56—Butler finishes, and the Root demonstration begins.

1:10—The Root demonstration lasts fourteen minutes.

1:11—Governor Willis of Ohio begins his nomination speech for Burton.

1:45—Willis finishes and the demonstration ends after thirty-four minutes.

2:20—Connecticut yields to Massachusetts.

2:21—Lodge begins his nomination speech for John W. Weeks.

2:30—Lodge finishes. A demonstration of eight minutes.

2:33—Rep. Miller starts his nomination speech for Dupont.

2:34—Miller finishes.

2:46—Colonel Calhoun of Illinois starts his speech, nominating Sherman.

2:46—Calhoun finishes. Demonstration lasts twenty-four minutes.

3:22—William R. Wood of Indiana nominates Fairbanks.

## POLITICS UNDER BAN AS GEO. WICKERSHAM VISITS WITH HUGHES

WASHINGTON, June 9.—Justice Hughes remained in his study nearly all of yesterday, continuing work on court opinions to be handed down Monday, but talked for a half hour late in the afternoon with George W. Wickersham of New York, former attorney general, who said he went to the Hughes home merely for a social call and "carefully avoided mentioning politics."

## 2 MEXICANS, RAIDERS AT COLUMBUS, HANGED AT DEMING, N. MEXICO

DEMING, N. M., June 9.—Francisco Alvarez and Juan Sanchez, Columbus, raiders, were hanged today. They were calm and showed no emotion.

## REMOVAL TO COAST IS FOUGHT BY SCHLATTER

NEW YORK, June 9.—How Rev. Francis Schlatter cured them of headaches, deafness, coughs, heart trouble and consumption was told by witnesses before United States Commissioner Houghton in support of his claim that the Federal authorities of Los Angeles had no ground for indicting him as a charlatan. He is fighting against removal to California for trial on charges of using the mails to defraud.

## MOOSE HOLD UP T. R. STAMPEDE: BORAH BRINGS OLIVE BRANCH

Idaho Solon Appears Before Throng At Auditorium, Is Cheered

## 'ROOSEVELT TODAY' ATTITUDE IS CHECKED

Wild Scamper For Rough Rider Delayed Pending Second Conference

AUDITORIUM, Chicago, June 9.—While the Progressives held in check their "Roosevelt today" spirit, Senator W. E. Borah of Idaho appeared before the Progressives with what many term an "olive branch from the G. O. P." When the Progressives recessed it was the understanding that the Roosevelt stampede be held up until after the Progressives and Republican conferees staged another session this afternoon.

AUDITORIUM, Chicago, June 9.—Facing a fight to nominate Colonel Roosevelt immediately after the conference committee reported on the peace move with the Republican committee, the Progressives convened at 10:26 o'clock this morning.

The conservatives agreed to force the consideration of the platform first. The radicals, however, planned to begin a fight to nominate Roosevelt immediately following the receipt of news from the Coliseum that the Republicans had begun balloting.

## Moose Parley Report

Perkins read the report of the Progressive peace parley committee on the results of last night's conference with the Republicans, as follows:

"The conference was most friendly. We proposed Roosevelt as the joint nominee of both conventions. The Republicans presented no names but did not refute our arguments concerning the unique availability as the candidate who could unite both parties and serve our common country at this crucial period of the world's history."

## Slight Applause

Only slight applause followed Perkins' reading of the report. The delegates, misconstruing the conferees' report as read by Perkins, cheered wildly until it was learned that it was the Progressive report. The delegates hissed and groaned as the Republican report was read again.

It was reported on the Progressive platform that the Republicans had agreed to invite Roosevelt to address the convention.

## T. R. SEES NO REASON TO GO TO CHICAGO

OYSTER BAY, June 9.—Colonel Roosevelt early today told correspondents:

"I see no change in the situation which will call me to Chicago."

## ARMY FLIER PLUNGES 5000 FEET TO DEATH AS RUDDER COLLAPSES

PENSACOLA, Fla., June 9.—Lieut. R. C. Sully, U. S. N., was killed this afternoon when the rudder broke on his flying naval plane. He fell 5000 feet at Santa Rosa Island. He was 32 years of age and was born in Kentucky.

## KILLS WIFE AND FOUR CHILDREN WITH BALL BAT AT WINDY CITY

CHICAGO, June 9.—Frank S. Usabick, 40, today killed his wife and four children with a baseball bat.

## MONSIGNOR RANK GIVEN TO FATHER CHIDWICK

NEW YORK, June 9.—The Rev. Father John P. Chidwick, who was chaplain of the battleship Maine at the time the vessel was blown up in Havana harbor, has been elevated to the rank of monsignor. Father Chidwick will continue as the head of St. Joseph's Seminary at Dunwoodie, N. Y.

FIESTA QUEEN'S REGAL RAIMENT TO BE SHOWN

Astoundingly Marvelous Garb Of Her Majesty To Be Exhibited Tomorrow

R. L. Bisby, lord chamberlain to Her Majesty, Queen Stein, of the Fiesta de Luz, today issued the following pronouncement:

Well, girls, you are going to get an opportunity to see the royal raiment and the queen's diamonds. Her majesty's royal robes are going to be displayed all day Saturday, June 10, in the center window of the Rankin Dry Goods Store.

Here will be shown the jeweled crown reposing upon the royal pillow, surrounded by jewels of Her Majesty's family, passed down from generation to generation for the last four thousand years.

When it is taken into consideration that the Queen is a descendant of one of the oldest families, we can readily realize the value of these jewels, which consist of moonstones, rubies, sapphires, diamonds, opals, in fact the entire jewel kingdom is represented.

The royal scepter is made of the finest gold mined from the depths of the famous gold reefs of South Africa and in times past the slightest wave of this scepter has meant the death of thousands of slaves taken captive by the Queen's able and efficient army. At no time since the scepter was passed into the hands of the first ruler has it had more power than now. On Thursday evening, June 15, when Her Majesty shall wave her scepter, it will mean that the royal subjects of Queen Sam Stein, within the County of Orange shall run with joy unconfined.

The ladies' especial attention is called to the Queen's wardrobe. It must be seen to be appreciated. From the tips of the pure, cross-hatched gloves that will protect her delicate skin from the rays of the electric lights to the golden shoes that will increase her dainty feet, everything will be complete. The royal robe, purple in color, and trimmed in ermine, extends fifteen feet in length and will be carried through the streets of Santa Ana by two willing slaves.

The queen has also allowed me to state that she will bring with her one of her favorite animals from the royal

THIS is John Grant Lyman, manipulator, who was sentenced today in New York, to eighteen months in prison. He was convicted of using the mails to defraud.

GRAMMAR SCHOOL AT OLIVE GRADUATES FIVE PUPILS

zoo, the Al-ma-zaz-de-luz-a-zores-des-squibo, with F. M. Davis and fifty other keepers. This is only a young animal, being thirty feet in length. A competent guard and keeper have been provided. This will be the only time that any of these animals have ever been brought from their own country to Orange county, so it is well that all the subjects shall see the same. Be not afraid, come and see the Royal Al-ma-zaz-de-luz-a-zores-des-squibo.

Speaking for Her Majesty, I am authorized to say that Her Majesty hereby commands that each and every one of her loyal subjects within the confines of Orange county shall assemble in the city of Santa Ana on the evening of June 15, to forget their troubles and mingle with the royal family.

R. L. BISBY.

How would it be to go to the Red Cross garden fete Friday evening at 7:30? Elks' band.

Dr. Jacobs, Santa Ana Painless Dentist, 102 1/2 East Fourth. Phone 253.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of ointment—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful, clear complexion.

Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.—Advertisement.

MUSICIANS HIT BY STREET-CAR RULING

CLEVELAND, O.—Cleveland musicians are confronted by a "pretty note."

The city railway company has barred the transportation of musical instruments on street cars. The measure was taken after the working staff of the company, in chorus, had demanded "a rest" from acting as referee in disputes between passengers without musical instruments and passengers with instruments, the disputes usually arising from a violin neck jab in the eye or some kindred wound. Trouble over the privilege of carrying musical instruments on cars ran the scale from complaints of heavy ladies that a bass drum occupied a seat they might have had to lamentations of a musician that a bricklayer had pulled the strings off his "fiddle."

MRS. CREAMER APPOINTED  
Mrs. Cerna Gates Hostelt of the Rialto Record was elected president of the Woman's auxiliary of the Southern California Editorial Association at the meeting of Atascadero, Monday. Other officers elected include: Mrs. H. G. Palmer, Hollywood Citizen, vice president; Mrs. W. M. LeFavor, Catalina Wireless, secretary-treasurer. The chairwomen of the committees follow: Membership, Mrs. C. H. Turner, Redondo Reflex; Entertainment, Mrs. Archie J. Hicks, Palmdale Post; Social, Mrs. Justice P. Creamer, Orange News; Law, Mrs. Jay Randall.

MAN ASKS PUNISHMENT FOR EMBEZZLEMENT

SPRINGFIELD, ILL.—Patrick H. Hart wants to be punished for the embezzlement of \$4,300 from the state of Illinois. For three years his conscience has kept him in mental agony until he has confessed and asked that he be allowed to pay the penalty. Hart was secretary of the state bureau of labor statistics, and his confession, made at Butte, Mont., relates to funds he embezzled while holding this office three years ago.

WISCONSIN 'U' HELPS WORKING STUDENTS  
MADISON, Wis.—No student who intends to work his way through the University of Wisconsin should come to Madison with less than \$200 to cover his expenses during the first few months, according to a pamphlet on student employment, which has just been prepared by the student employment bureau of the university.

The principal expenses which a student has to meet are listed in the pamphlet. The minimum amount for board per week is given as \$3.75 and the maximum as \$5; for room, minimum per week, \$1.50, and maximum \$3.50. Tuition fees, locker fee, military uniform and other initial expenses are also listed.

The pamphlet also suggests various forms of employment for the student, and tells how it may be secured. The greatest demand is for stenographers, typists, clerks, waiters, choremen, dishwashers and janitors. Women may find employment for their spare hours in doing mending, fine laundering, in caring for children, and in planning and serving small dinners and lunches.

CATCHES MARAUDING FOWLS; LANDS IN COURT

DONIPHAN—Because he set a trap to catch the chickens that strayed into his yard and scratched up his garden, Oliver Drummond got into an altercation that wound up in court. When Matt Miller passed Drummond's place he saw his chickens in hock, and promptly went to their rescue. The chickens went home, but Miller and Drummond set out to weigh the merits of the case. Miller finally got Sheriff Wilson to intervene with a warrant charging disturbance of the peace on Drummond's part.

MILLIONAIRE TO BE TOWN'S POLICE CAPTAIN

WATERLOO, Ia.—A millionaire is to be the chief of police of Cedar Heights, a suburb, if present plans do not miscarry. William Galloway, local capitalist, is the leading candidate for chief at present and he will be assisted in enforcing the law by five councilmen elected by the voters of the village. Cedar Heights aspires to be the model city of Iowa. It recently held its second council meeting and far reaching plans were made for the establishment of parks and for beautifying the city streets.

MOVEMENT IN FRANCE FAVORING MECHANICAL FARMING IS POPULAR

PARIS—The movement in favor of mechanical farming in France is assuming large proportions. Wherever trials have been made with traction plows they have been conclusive, and co-operative societies of farmers have been formed to put them into use. A great many have been delivered during the past few months and a great many more have been ordered.

The General Agricultural society is making a census of different agricultural regions to determine in what localities it is possible to secure large tracts of land, which the society will undertake to plow in the autumn, also to ascertain in what localities sufficient acreage of harvest can be combined to justify the sending of traction harvesters.

The machines that the society sends for this work it is intended to leave in the hands of the farmers individually or organized in co-operative societies. The prospects for the development of this kind of farming is such that it is proposed to organize a school for the training of farm traction drivers. Thus far all the machinery has been able to meet any considerable part of the demand.

Orange County Business College.

## HANDSOME CUPS ARE GIVEN AS PRIZES FOR BIG FIESTA

Jewelers Offer Trophies For  
Best Decorated Building,  
Best Float, Etc.

Three handsome cups were offered today by local jewelers as prizes for the Fiesta de Luz celebration to be held in Santa Ana on the evening of June 15. E. B. Smith offered a silver cup to be awarded for the best decorated building in the city. Carl G. Strock offered a cup for the best decorated float entered from outside of Santa Ana. J. H. Padgham offered a cup for the best entry among the fraternal societies.

Secretary J. C. Metzgar of the Chamber of Commerce and Chairman R. L. Bisby of the Fiesta committee, made an extended tour of the county yesterday and returned with the report that interest in the coming celebration is keen everywhere and that Santa Ana should prepare to entertain thousands of visitors from all sections.

### LOCAL MEN ENLISTING FOR TRAINING CAMP

A. S. Ralph, who is enlisting recruits for the military camp at Monterey, Cal., is receiving a great many inquiries as to the nature and expenses of the camp, and about half a dozen local people have enlisted.

No personal solicitation for enlistments is being made, it being the desire of the government to make the matter entirely voluntary on the part of applicants.

Training camp bulletin No. 1, issued from headquarters in San Francisco, contains the information that a deposit of \$15 "may" be required, \$10 of which will be used for the payment of cooks and mess attendants and for the purchase of food supplies to augment the army rations. The substitution of the word "may" for "must" which has been in previous instructions, leads Mr. Ralph to believe that possibly a plan is being evolved whereby the expense to the individual will be eliminated.

Many business men in San Francisco and Los Angeles are deeply interested in the success of the training camp and have signed agreements to permit any of their employees desiring to embrace the opportunity to receive military training, to enlist without jeopardizing their positions and without loss of salary.

#### LICENSED TO WED

A marriage license was issued in Los Angeles yesterday to Julius D. Pettigrew, 55, Santa Ana, and Minnie C. Bush, 55, Los Angeles.

### SEVERAL STUDENTS OF THIS COUNTY GET U. S. C. SHEEPSKINS

The University of Southern California granted degrees to 456 students at the thirty-third annual commencement exercises, held this morning, in the Bible Institute auditorium, Los Angeles. The Rev. C. E. Locke, pastor of the First Methodist church of Los Angeles, delivered the commencement oration. In the absence of President G. F. Howard, detained in the east by slight injuries resulting from an accident, Dr. E. A. Healy, dean of the College of Theology and president of the board of trustees, awarded the degrees. The graduating class was the largest in the history of the university.

Degrees granted to students from Orange county were as follows:

Anaheim—College of Law, W. P. Webb; College of Liberal Arts, Katherine D. Loly, Esther V. Hedstrom, Irene P. Mills, Eunice Oerter; College of Music, Mrs. M. E. Hauck; College of Pharmacy, E. G. Heying.

Fullerton—College of Liberal Arts, Sarah J. Daniel, L. W. Wickersheim.

Huntington Beach—College of Oratory, Frances Howard.

Orange—College of Liberal Arts, Lillian C. Boyd; College of Pharmacy, C. R. Fernald.

Santa Ana—College of Liberal Arts, C. L. Deaver, H. I. Padgham, Susan H. Perry, Bessie E. Hanning, Ida L. Hanning, C. E. Swift, Olney M. Thomson; College of Oratory, Althea L. Henrickson.

### SANTA FE IS IMPROVING CROSSINGS ON FOURTH

The Santa Fe company has commenced the work of improving its crossing on East Fourth street and completion of the work will be hailed with delight by motorists. The condition of the crossing has been such as to ruffle the tempers of drivers of vehicles.

A crushed rock base will be put in. On this will be placed planks, which will be covered with screen rock and oil, giving a good road surface and smooth finish.

**BELL-ANS**  
Absolutely Removes  
Indigestion. One package  
proves it. 25c at all druggists.

### SHARP IN BOULDER FIGHTING AGAINST EXTRADITION HERE

Lindon C. Sharp, arrested in Boulder, Colo., on a charge of breaking his probation, given in Orange county following conviction for furnishing liquor to a prisoner, is not going to return here if he can help it. Deputy Sheriff Murray is in Boulder, but he can't get his man. Wires received by the officials here state that Sharp has started habeas corpus proceedings, and has secured bail. Long telegrams were received by District Attorney West and Judge Thomas from the district attorney and sheriff at Boulder in which the Colorado officers say that they are convinced that Sharp did not intend to break his probation.

In court this morning Judge Thomas declared that Sharp willfully broke every probation order that was given him, and that he had pulled the wool over the eyes of the officers in Colorado.

The officials here are going to take whatever steps can be taken to make a fight to get Sharp brought back.

### SCHLATTER PATIENTS TELL MIRACLE CURES

NEW YORK, June 8.—Witnesses who told of being "miraculously cured" by the Rev. Francis Schlatter through prayer and "the laying on of hands," testified before United States Commissioner Houghton in proceedings to resist the removal of Schlatter and August Algard to Los Angeles to answer an indictment for using the mails to defraud.

The witnesses testified to having been cured of tuberculosis, rheumatism, catarrh and other maladies. No money was asked by Schlatter, they said, but several admitted making "donations." Counsel for the defendants declared the indictment did not show a crime against the United States.

**HAY CROP IS LIGHT**  
Redlands Facts: Reports are being received which indicate that the hay crop in this vicinity, and throughout the state as a whole, will be very far below normal. Some estimates place the yield as only one-third of the usual crop.

An instance which is said to be fairly typical is given by A. Gregory, who is in touch with conditions here and in other parts of California. One piece of land that ordinarily produces two and a quarter tons of hay to the acre will yield this year only three-quarters of a ton.

The downpour of rain in the month of January is given as the primary cause of the comparative failure of the hay crop, and the showers in the early spring were doubtless a contributing factor. The heavy precipitation in the winter so packed the soil about the roots that grain never seemed to thrive thereafter.

According to reports received by Mr. Gregory, there will be a fair crop of peaches in California this year, but the apricots are nearly a total failure.

### L. A. MESSENGER BOYS BEST PAID IN U. S. A.

Los Angeles messenger boys in the Western Union service are the best paid in the United States, according to local manager G. A. Lawrence, who recently issued an announcement to the effect that the company has just made another voluntary increase in compensation.

This increase coupled with one made less than thirty days ago gives the boys an increase in pay amounting to 50 per cent of their previous pay.

## The three ingredients of clothes

Good material is the first. Good sewing is the second. The third is brains.

Your appearance depends upon how these ingredients are combined.

## FAVORITE SONS CHEERED MORE THAN HUGHES BY 'GUARD'

(CONTINUED FROM PAGE 1)

has been tried and found faithful in the administration of public trusts, sterling in his Republicanism and free from national strife.

"His private life is above suspicion, his public life is without a flaw."

"He is a great lawyer, an effective campaigner, an able executive, a mature statesman and a learned jurist, and he, above all others, combines the essential qualifications of a true leader in this crisis of the party and nation."

**Tremendous Applause**  
Mention of the name of Taft provoked the only real rousing demonstration of the convention. The delegates stood, waived their hats and cheered and yelled wildly.

Whitman continued: "Our party is rich in men imbued with the true spirit of Americanism."

The greatest demonstration to date came at the mention of Hughes' name when Whitman finished. The jurist's name was not mentioned until the end of the speech. Then the din broke. Vermont and Oregon led the demonstration, which lasted more than 15 minutes.

A baby elephant arrived from New York and headed an procession of the Illinois delegation to the Coliseum. "It stands for Sherman, a united party and a Republican victory," the Shermanites said.

### DEADLOCK AT FINISH OF FIRST CONFERENCE

CHICAGO, June 9.—"We had a very friendly meeting, but shall merely report progress to our respective conventions."

That was the statement made by Chairman Smoot, of the joint Republican committee, following the adjournment, early today, of the G. O. P. and Progressive peace parley committees.

In other words, the ambassadors, who were appointed by the two parties late yesterday, were in a deadlock when they adjourned, no agreement whatever having been reached on candidates.

**Situation**  
At 1 o'clock this morning, which was the time the peace committees adjourned, the situation was this: that unless union on a ticket could be arranged at a subsequent meeting later today of the parley committees, the G. O. P. convention would proceed with its nominations without regard to the Moose, and the latter would carry out their original intention of nominating Roosevelt.

During this initial conference the Progressives stood firm for the nomination of Roosevelt, though they expressed themselves as willing to accept either Senator Lodge, Colonel Goethals or General Wood. The Republican committee did not find these agreeable and was divided between Hughes, Root and Burton.

Those on the Republican committee were Senator Reed Smoot of Utah, former Senator W. Murray

Crane of Massachusetts, Senator William E. Borah of Idaho, Dr. Nicholas Murray Butler of New York and former Congressman A. R. Johnson of Ohio.

Those on the Progressive committee were George W. Perkins of New York, Governor Hiram W. Johnson of California, Horace S. Wilkinson of Syracuse, N. Y., Charles J. Bonaparte of Maryland and John M. Parker of Louisiana.

### BURTON FAVORED IN "DARK HORSE" BETTING

CHICAGO, June 9.—Theodore E. Burton of Ohio loomed as the strongest "dark horse" in the G. O. P. convention. The betting early today in his favor was 4 to 1.

### HUGHES MAINTAINS SILENCE ON HEARING NEWS

WASHINGTON, June 9.—Alone in his library, Justice Hughes was told of the great demonstration which followed the presenting of his name at the G. O. P. convention.

"Hughes will make no statement unless he is nominated," his secretary said.

### WARSHIP EXHIBIT TO AID NAVAL RECRUITING

NEW YORK.—To educate the public about the workings of the navy and at the same time explain the advantages to be gained by young men joining the naval branch of the government service the Navy Department has opened an elaborate recruiting station in connection with the naval exhibit at the Preparedness and Prosperity exposition at the Sea Beach Palace, Coney Island.

Commander R. K. Crank, in charge of all the navy recruiting stations east of the Rocky mountains, is in command.

While the exhibits include models of battleships, ordnance and projectiles, there is also a duplicate of the galley of the U. S. S. Connecticut. This portion demonstrates how the meals of the sailors and marines are prepared. There also will be lectures on preparedness by government officials. The entire exhibit was packed for shipment at San Francisco on board one of the government colliers.

### WALKS 8 MILES, GETS NEW TEETH, HAS PHOTO TAKEN AS HE'S EIGHTY

To celebrate his eightieth birthday, R. B. Holden yesterday walked eight miles, had his picture taken, ordered a new set of false teeth, made a resolution to quit smoking and ate a hearty dinner.

Then he said he thought he was in shape to live another twenty years. Mr. Holden walked the eight miles from his home, 1414 Orange drive, Hollywood, to the Tribune office in two hours and nineteen minutes.

The hike did not even make him perspire and he said he did not feel fatigued.

"The way to live long," Mr. Holden said, "is to mind your own business and keep busy."

"I eat anything I feel like eating. I do anything I feel like doing. I mind my own business. I feel young. I am going to live a long time yet and feel younger when I'm 100 years old."

"I have used tobacco intermittently since I was twelve years old. I like it, but am going to quit because it is offensive to others."

Mr. Holden was born in Warwick, N. J., in 1836. He is a retired jeweler. He now lives with his daughter, Mrs. John Knox, at the Orange drive address.

## THE GRINNELL "LEWIS" ELECTRIC WASHER DOES YOUR WASHING FOR ONE CENT AN HOUR

One cent an hour for current for washing and wringing. Sometimes it costs even less. And the Grinnell "Lewis" really washes. It doesn't merely bunch the clothes up in a heap. Its backward and forward motion mixes the suds and clothes far more thoroughly than you ever could by hand. The result is a clean, white, sweet-smelling washing. And you don't need to hand-rub a stitch afterward.

It can not harm your finest laces; for dasher and walls are perfectly smooth. It's easy to use; just insert the plug into your electric light socket, turn the switch, and there you are. The motor hums merrily and the washing is started. You don't need to touch it until it is ready to wring. Then simply switch the power to the ball-bearing wringer and wring your thickest pieces with perfect ease.

### PROSPERITY ARRIVES

The Industrial Department of the San Francisco Chamber of Commerce has made public the figures showing San Francisco's wonderful increase in business for the month of May over the month of May, 1915. The increase is all the more remarkable when the showing over the exposition year and the business attendant thereto was taken into consideration.

Bank clearings for the month past amounted to \$287,778,839, the largest amount for any month in the history of San Francisco, as against \$206,990,335 for May of last year.

The post office receipts amount to \$282,599.52, as against \$263,272.89 for May of last year. This is an increase of \$19,326.63, or 7.34 per cent, and is also the largest amount for May in the history of the post office.

Real estate sales show a remarkable increase with a grand total of \$5,857,139. The largest month since April, 1913. For May of 1915, real estate sales amounted to \$2,163,889; it is also by far the largest amount for any month this year.

Building operations show a clear gain of over half a million dollars for May over May of last year, amounting to \$1,777,231, as against \$1,209,543 of May last year. Private building operations show a gain of 50 per cent, amounting to over \$530,000 over May of last year. This is accounted for by the great amount of home building going on in San Francisco.

### DON'T IT JAR YOU

It's enough to make angels weep and devils dance!

What?

Why, those doings at Chicago.

Here's the country clamoring for Roosevelt—if put to a popular vote to-day he'd carry the country two-to-one over any other man of any party—and yet Penrose, Crane, Barnes and a few other similarly discreditable, if not discredited, politicians can and do prevent his nomination by the Republican convention.

And that isn't all.

Such is the constricting power of party limitations that, despite the preponderant popular preference for Roosevelt, if he should be nominated by the Progressives probably he couldn't be elected.

Is there any wonder people rebel against party machinery that can be and is thus used to thwart the popular will?

### FREE SPEECH

Attention is being called to the fact (by Leslie's Magazine, we think,) that the Massachusetts city in which the issue of free versus suppressed speech has been most acute, of late, is the one in which John G. Whittier has his first home, and near which William Lloyd Garrison once said, "I will not equivocate. I will not excuse. I will not retract a single inch and I will be heard." The country is watching how the twentieth century Haverhill finally settles her problem. She has fine traditions. But do they command the obedience of her present population?

### WHAT A DIFFERENCE!

In 1857, a Mexican soldier pursued a Mexican girl across the border into the United States and dragged her back across the line. President Cleveland sent our army to the border with instructions to go to the City of Mexico, if necessary, and seize the man who had violated American territory. Mexico gave up the offending soldier. He was sent to the penitentiary for twenty years.

### Missouri Picnic

A "Show Me" basket lunch picnic of all Missourians south of Tehachapi will be held in Long Beach on June 17. An excellent program has been arranged including addresses by prominent Missourians, attractive musical numbers, and other features of interest. All loyal Missourians in Southern California are expected to attend.

### DEATH IS SUDDEN

BREA, June 9.—Stricken suddenly with heart failure, Mrs. Minnie Burge of Brea, died at her home late Wednesday night. She was 51 years old. Beside her husband, she is survived by eight children, three of whom live at Brea, and a sister, Mrs. P. C. Huddleston, who also lives at Brea.

Cooked Food Sale at Phillips' Market for Amphion Circle of the Congregational Church, beginning tomorrow at 10:30.

## The Forum

Editorials By Register Readers

Editor Register:—

It appears that the City Trustees and the Pacific Electric have come to an agreement whereby the railway company is to secure, among other franchises, a curve connecting the Pacific Electric and the Southern Pacific at the North Main street crossing.

This will end three years of negotiations, which have taken up much of the valuable time of the Trustees and the railway officials.

Maybe this is a good stroke of business for the city, and then again—maybe it isn't.

In all the negotiations the railway company has emphasized the point that the purpose of the North Main street switch was to afford the S. P. and the P. E. (which are identical so far as traffic interests are concerned) a direct freight line to Orange. No mention has been made of the fact that it might at the same time afford a new freight line into Santa Ana via North Main street. It might be argued on the spur of the moment that there is no practical use for such a line, since the S. P. brings its freight in made-up trains direct to Santa Ana, as does the P. E.

But is this true?

For instance, it is a well-known fact that during the beet-slicing season both roads in question bring large quantities of beets to the three factories south of Santa Ana, both from the northern section of Orange county and from sections farther north. Some of these beets, for example, come from territory not far from Anaheim. It is natural that the roads should desire to take the most expeditious route in delivering the freight to its destination. What more natural than that the S. P. should gather up the cars of the growers along its line, bring them to the Main street junction and there transfer them to the P. E., which would take them via Main street and the Huntington Beach line to the factory? It certainly appears to the layman that that would be the most expeditious route, in many cases.

The "beet train" is known and feared of old by the residents of West Fourth street and adjacent territory. In its progress it gives an imitation of an earthquake, a Vermont thunder storm, and a Wagner orchestra all rolled into one. There is no denying that it has become a terror and a dread to the nervous, the aged and the ill residing within the scope of its influence. It might be well to inquire now, while there is yet time, whether North Main street residents are wil-

ling to subject themselves to the danger of such an infliction.

Moreover, there is another point to be considered; and this concerns the whole city. The original franchise of the Pacific Electric provides in effect, that the railway company shall not transport freight through the city between the hours of 5 a. m. and 10 p. m., EXCEPT FOR CONSTRUCTION PURPOSES. This provision has been, so far as known, observed to the letter. Nevertheless, it has not prevented the railway company from cluttering up the busiest part of Fourth street, in the busiest part of the day, with long trains of oil-cars, gravel-cars, construction-cars, and whatnot cars; all on the plea of "construction work." It is true that under the present franchise, the P. E. can, and sometimes does, run those same trains on Main street. The question for consideration is whether or not the establishment of a freight junction at Main and Santa Clara would not materially enhance that particular nuisance.

Santa Ana takes particular pride in Main street as an integral part of El Camino Real. Is it going to do the city any vast amount of good to have strangers, touring the country, introduced to the city first by running into a freight yard on one of its principal streets?

All of this is said without any intentional antagonism toward the Pacific Electric, and in full recognition of the great service it has done for Santa Ana. It might be remarked, in passing, that Santa Ana also has been of some service to the P. E. But these franchises, once granted, cannot be revoked, and in such an important matter it seems well to look at all sides before acting. In any event, should the franchise be granted, it might be well to have a provision regarding Main street.

L. M. HOPPER.

EDITOR'S NOTE.—Unquestionably the use of the Main street line for freight handling should be absolutely prohibited. But it is only fair to say that the foregoing showing of probability that it may be so used in the movement of sugar beets does not hold water. The Southern Pacific steam

## Let's All Try to Help a Little—Just a Little!

\* The Commission for Relief in Belgium, California Committee, 1009 Mills Building, San Francisco, May 29, 1916.  
 \* Editor Santa Ana Register:  
 \* May I express to you our appreciation of the splendid cooperation you are giving the Commission for Relief in Belgium through your columns? I am thinking particularly to your appeal entitled, "Make it Two Bits," in your issue of May 22.  
 \* The best people in our own state have openly expressed their moral support of this greatest philanthropic effort in all time, but we have not yet realized how small has been our contribution in proportion to our ability to give. If one-third of the people of the state gave ten cents a month, should we not have about \$100,000 a month for California alone?  
 \* We are just finishing our first six months as a state organization—May makes our sixth—and we have sent in cash about \$57,000 and clothing valued at about \$22,000—approximately \$80,000 in all, or about \$15,000 a month from California.  
 \* The spirit back of this giving has been exceedingly fine—most of the money has come from people of moderate means—but we feel that as a state we should be doing more. I have no doubt the fault lies with our organization. In nearly all cases where we have been able to put the need—as you have, for instance, in your paper—we have found a ready response.  
 \* I shall not apologize for this infringement on your time, because I believe you are really interested. Perhaps you may have some suggestion for us.  
 \* With best wishes,  
 \* Very truly yours,  
 \* CHARLOTTE KELLOGG,  
 \* Secretary.

roads reach all the sugar factories, and there would be no object whatever in bringing beet cars or trains down Main street. Indeed, we believe the freight cars are too long for the Main and Fourth street curves.

Mr. A. J. Crookshank stated, at the last meeting of the City Trustees, that he had Mr. Shoup's assurance that no freight cars or trains would be run down Main street. Mr. Shoup's letter to Mr. Crookshank gives no such assurance. Better put it in the franchise.

### Unclaimed Letters

The following letters remain unclaimed for in the postoffice at Santa Ana, Cal., for the week ending June 10, 1916:

Seats now on sale at Rowley Drug Store.

TYRONE POWER AS "THE DRAINMAN."

## West End Theater Patrons--Attention!

Through the courtesy of the Paramount Company, we are allowed to present Hall Caine's stupendous eight reel photoplay spectacle

## "THE ETERNAL CITY"

Featuring the celebrated actress

PAULINE FREDERICK as DONNA ROMA

for one day's special showing, to be selected by us at our usual price of admission. We are the only house that this concession in admission price has been made. We have decided to present this picture on Sunday, June 11th, for three showings—MATINEE AT 2:15; EVENING AT 7:15 AND 9:15 P. M., SHARP.

We desire to call particular attention to those that cannot make it convenient to attend the evening performances to be here on time at the matinee sharp at 2:15 p. m., as this picture will never be shown again in Santa Ana at the low admission price of 10 cents. For the purpose of taking this picture the entire company were taken to Rome. You will have the extreme pleasure of seeing the only pictures that have ever been made of the Vatican gardens, permission having been given by the Pope himself; also see the wonderful coliseum by moonlight.

## Tonight

Moving pictures of Santa Ana

The cameraman has been busy in Santa Ana for the last few days gathering local gossip and scenes. Some of you probably know that you have been snapped and others will be surprised to see themselves shown. What were you doing Monday, Tuesday and Wednesday? The camera will tell tonight. Moving pictures, not slides. If you made a false move, beware. Come and see yourself. Did you have on a new suit or hat? See Santa Ana on the move.

## PICNIC FOR TEACHERS

### City Parent Teacher Federation Entertains Pedagogues At County Park

The City Federation of Parent-Teacher associations entertained the teachers, the married ones being accompanied by their wives, right royally, yesterday afternoon at beautiful Orange County Park. The day was an ideal one and the ride to the park was greatly enjoyed by all. Automobiles were in waiting at all the different school buildings in the city at 3 o'clock, to convey the teachers to the park.

Committees from the various schools preceded the teachers and prepared the tables for the picnic supper. At 5 o'clock the signal was given that everything was in readiness and about 175 teachers, members of the school board and friends, were seated at the tables, which were loaded with the good things to eat, consisting of hot roasted wienies, scalloped potatoes, coffee, rolls, salads, pickles, jelly, ice cream and cakes.

When the meal was finished Prof. J. A. Cranston spoke for the teachers, thanking the Federation for the kindness shown them in this delightful outing and splendid picnic supper. He said there was one thought that marked the pleasure, and that was that the president, Mrs. Frank McElree, was too ill to be present. He stated that she had worked so faithfully in making the Federation the success it was and that her efforts were appreciated by all. It was voted to send Mrs. McElree a piece of all of the fine cakes that were there.

Mr. Cranston suggested that they would all be present next year, as this was to be an annual affair and from the applause that followed, it seemed to be the unanimous opinion of all. Mrs. S. M. Davis replied to Mr. Cranston in a neat little speech.

Those in charge wish to thank Bergman & Obar for the use of their truck to carry the load to the park.

#### U. S. C. Graduates

The following are the Santa Ana young people graduated yesterday from U. S. C.: Miss Althea Hendrickson, oratory; Henry Padgham, liberal arts; Misses Bessie E. Heining and Ida L. Heining, degree of Bachelor of Arts, and Miss Helen Welles, College of Fine Arts.

#### Auction Bridge Club Meeting

Mrs. Cal D. Lester was hostess on Tuesday afternoon to the Auction Bridge club of which she is a member, her home on North Main street being made attractive with cut flowers. The trophies were obtained by Mrs. H. T. Duckett and Mrs. Russell Scott. Mrs. O. H. Egge was a guest of the club.

At the close of the games, Mrs. Lester served a delicious collation and a delightful social hour was enjoyed.

#### Trip to Pasadena

Mrs. W. F. Sibley and son Will and Benjamin Martin of Pasadena motored to the home of Mr. and Mrs. Chas. J. Segerstrom Wednesday, where a four course dinner awaited them in their honor.

The afternoon was spent in visiting and talking over the pleasant times enjoyed when the Segerstroms and Sibleys lived in Minnesota.

## AT THE LILAC GATES

Summer at the lilac gates is waving hands to me, The twinkle of her azure eyes is summer light to see! Her hand is like a soft pink rose,

Her lips are song's own spell, And everywhere her soft foot goes The white blooms ring their bell.

Oh, mornings virginal are these, and lilac is the way, That runs in rose-blown melodies the pageant of the May.

The redbud flames the hillside grove, The ash is sweet to see, And at the lilac gates stand love

With a bloom she's picked for me. The roaring car of life goes by and leaves a stillness sweet,

The sea-wind comes to kiss the sky, and oh, what dancing feet! Come, nymphs of coral vale and stream,

Join hands and let us glide Like shadows of an April dream Down leagues of sun-kist tide. —Baltimore American.

## ELECTED OFFICERS

### Second Household Economics Class Hears of Persian People, Customs

The Second Section of the Household Economics held the last meeting of the year at the home of Miss Fannie Smart Wednesday afternoon. The meeting was called to order by the leader for the new year, Mrs. Mark Lacy, Mrs. R. R. Miles being secretary and treasurer. After a short business meeting the committee of the afternoon, Mrs. O. K. Forgy, Mrs. Mark B. Lacy and Miss Fannie Smart gave a very interesting and instructive afternoon on Persia.

Mrs. Forgy gave an account of the poets of Persia, telling particularly of the poem, "The Rose Garden." Sayings from the poem were passed to each member which were read at roll call. Mrs. Lacy read an instructive account of the "People of Persia," telling of the marriages and home customs. Mrs. Forgy then read an interesting article on the "Persian Rugs," and Mrs. J. Dick Wilson read of the "Prayer Rugs," showing two rugs, one very old and the other more modern. She also showed other articles from Persia.

Light refreshments of Persian pastries, tea and nuts were served.

The following is the class program for the coming year:

October—Hallowe'en. Roll Call—Time Savers About the House; paper, Origin of Hallowe'en; Demonstration and Recipes. Mrs. J. Howard Turner, Mrs. F. C. Rowland, Mrs. J. Fred Parsons and Mrs. W. L. Grubb.

November—Luncheon. Roll Call—Hints of Thanksgiving Dinner. Mrs. George Briggs, Mrs. W. L. Deimling, Mrs. Charles Kelly, Mrs. W. A. Flood, Mrs. E. Eden, Mrs. Clyde Walker, Mrs. Carl Strock, Mrs. M. A. Patton, Miss Edwards.

December—Christmas. Each member bring a gift for the Day Nursery tree; roll call, last minute gifts. Mrs. O. K. Forgy, Mrs. E. Burns, Mrs. W. Eden, Mrs. Strock.

January—New Year's or Twelfth Night. Roll Call—My Favorite Recipe; Demonstration and Paper. Mrs. R. C. Peterson, Mrs. J. P. Hatfield, Mrs. Clyde Walker and Mrs. J. D. Wilson.

February—(Washington's or Lincoln's Birthday, Valentine Day)—Luncheon. Roll Call—Patriotic Recipes. Mrs. E. Burns, Mrs. Hatfield, Mrs. R. R. Miles, Mrs. M. B. Lacy, Mrs. Forgy, Mrs. H. Hanson, Mrs. J. D. Wilson, Miss Fannie Smart, Miss G. Montgomery.

March—St. Patrick. Roll Call—Irish Dishes; Demonstration and Paper on Origin of St. Patrick. Miss G. Montgomery, Mrs. H. Hanson, Miss Kittle, Mrs. Lacy and Miss Smart.

April—April Fool Day. Roll Call—Recipes for Ways of Using Strawberries; Demonstration, Paper on Origin of April Fool. Mrs. W. L. Deimling, Mrs. Briggs, Mrs. Eley, Mrs. Miles and Miss May.

May—May Day. Roll Call—Fancy Desserts; Demonstration on Origin of May Day. Mrs. M. A. Patton, Mrs. Kelly, Mrs. Flood, Miss Wells and Miss Edwards.

June—Bride's Luncheon. Mrs. F. C. Rowland, Mrs. J. Howard Turner, Mrs. Grubb, Mrs. Parsons, Mrs. Kittle, Mrs. Eley, Mrs. Peterson, Miss May and Mrs. Wells.

Methodist All-Day Meeting. The Ladies' Aid of the First Methodist church held its meeting Wednesday morning, with Mrs. Alice Yount presiding and leading the devotionals. Good reports were given from all the sections and each turned in a neat sum of money.

The president reported that all but \$150 of the \$2,000 pledge for the church building had been met and \$90 of the sum owing was now in sight.

One hundred and twenty-five calls were reported and forty bouquets distributed.

The next meeting will be a picnic at the West Orange home of Mrs. Weidely, July 5.

A large number of people were served with a bounteous dinner at noon.

The Home Missionary society met in the afternoon, with the president, Mrs. C. W. Burns in the chair and Mrs. W. L. Dearing in charge of the devotionals.

The election of officers resulted as follows: president, Mrs. C. W. Burns; first vice president, Mrs. Belle Rogers; second vice president, Mrs. W. B. Snow; recording secretary, Mrs. Peter Van Doren; corresponding secretary, Mrs. Lee; treasurer, Mrs. J. M. Raugh.

The supply secretary requested that jars be filled with fruit for the barrel.

Mrs. Dana Smith and Mrs. F. P. Jayne had charge of the program and the next meeting will be held with Mrs. Weidely at West Orange, July 5, in conjunction with the Ladies' Aid.

Auction Bridge at Laguna. The members of the Auction Bridge Club, of which Mrs. James S. Rice is a member, went down to Laguna Beach yesterday to meet with her at her summer home, "Coralyn."

A delicious luncheon was served at noon and the afternoon was happily passed with the favorite game of the members. Mrs. H. G. Heister of Laguna was a guest of the club.

The prizes went to Mrs. Alice Harris and Mrs. John Tubbs.

Daughters of Veterans Meeting. The Daughters of Veterans spent a very enjoyable afternoon Wednesday with Mrs. Blanche Darling at her hospitable home on South Broadway with a fine attendance.

Mrs. Darling used expressive pansies for her house decorations and the hours sped rapidly away with fancy work and the discussion of many topics of interest to the tent, including the decision to enter a float in the Fiesta de Luz parade June 15.

Mrs. Darling was assisted in entertaining her guests by Mrs. Jerry Trickey and served a delectable lunch late in the afternoon.

One of the guests of the afternoon was Mrs. Lydia Cooker of Washington, who is the guest of her sister, Mrs.

## The Acid Test

A suit of clothes may look well, fit well, feel good, and the price may be just what you want to pay.

But after all, doesn't the average man judge clothes by the wear he gets out of them?

One of the strongest selling arguments for Vanderast Clothes is their wearing qualities.

Ask somebody who has worn them, if you're in doubt. Try to find better value at \$15 to \$30.

If you succeed, let us know, and we'll look into the make you name. But until we find better clothes at the price, we'll continue to boost those which have made our customers "repeaters." Come in and see the new models.

## New Fancy Blues for Graduates

This (Friday) morning we have opened some beautiful fancy blue suits for young men; especially suitable for graduation.

Dark blue with contrast stripe. An excellent value at \$25.

Pinch Back Suits for hot weather, \$8.50, \$10, \$15.

**VANDERAST & SON**  
THE HOME OF GOOD CLOTHES FOR MEN AND BOYS

## Knickerbocker Suits for Boys

Notwithstanding the high price of woolen fabrics we are showing very good suit values at \$5, \$6.50 and \$7.50.

These were purchased last September to be delivered this spring. Ages 6 to 17 years. Blue Serge suits, \$6, \$7.50, \$10.

Panamas \$5.00.

Sailor Straws, \$2, \$3.

## Personals

Mr. and Mrs. J. W. Mitchell and Mr. and Mrs. William Seamon went to Laguna Beach today to spend a week.

J. C. Allison and family, 408 South Broadway, leave tomorrow for White, S. D., where they have large farming interests. Mr. Allen will remain there about four months, but the others of the family will return to Santa Ana about the first of September.

Miss Corinne Schlegel, who has been spending the past year here, left yesterday for her home in Wausau, Wis. She will be accompanied as far as Salt Lake City by her aunt, Miss Grace Ogilby and Mrs. Morehouse and sons Donald and Omer Morehouse, who will remain there. Miss Grigsby will return July 1.

Mrs. G. E. Peters and Mrs. D. W. Hicks spent the day in Los Angeles.

Mrs. H. J. Hatch and two sons were passengers to Los Angeles this morning.

Mrs. R. J. Dougherty and Miss Marie Dougherty of Taft, Cal., have been guests at the home of Mr. and Mrs. F. P. Nickey. They returned to Los Angeles this morning. Miss Dougherty was a graduate of the high school class of 1911.

W. E. Gerhart and wife of Smelter left yesterday for Vincennes, Ind. They traveled over the Santa Fe.

Mrs. E. M. Huff, mother of Mrs. T. L. Stark, 1106 Cypress avenue, took her departure yesterday over the Santa Fe for Phoenix, Ariz. She will make an extended tour visiting in various cities in which she has friends and relatives. Her objective point is Elk City, Kansas, which is her old home and where she has extensive property interests. She will be absent six or seven months, and on her way home will visit in Nebraska, Idaho, Oregon and other states.

E. T. Rowland and wife were passengers for Kansas City yesterday, leaving Los Angeles over the Salt Lake.

Mr. and Mrs. E. G. Warren left yesterday over the Salt Lake for Omaha.

Cooked Food Sale at Phillips' Market for Amphiion Circle of the Congregational Church, beginning tomorrow at 10:30.

First Spiritualist Church. K. P. Hall, Sunday, 7:45 p. m. LECTURE AND MESSAGES. Edw. Decker, Medium. The Rutgers, Apt. 24, Fourth and Spurgeon. Consultation Daily.

ATTENTION BEAN GROWERS. Will furnish Henderson Bush Lima Bean seed on contracts. For particulars call Sunset 457J.

Orange County Business College.

## WHY HE LIKES THE REGISTER

Decatur, Ill., May 31, 1916.  
\* Register Publishing Company,  
\* Santa Ana, California.

\* O. order for \$4 to cover subscrip-  
\* tion to the Register for one year.  
\* In considering the renewal of  
\* my subscription, the following  
\* points were found in your favor:  
\* 1 I find much pleasure in ob-  
\* serving the journalistic record of  
\* many friends in your vicinity.  
\* 1 I find much pleasure in ob-  
\* taining far above par, and very edi-  
\* cially.  
\* 3 I appreciate the liberal, fair  
\* and impartial manner in which  
\* the Register publishes the voices  
\* of the people on local, current  
\* and public questions.  
\* Yours very truly,  
\* WILLIAM F. ATER.

## SANTA ANA HIGH SCHOOL LOSSES IN TWO DEBATES

At San Diego—San Diego, 3; Santa Ana, 0.  
At Santa Ana—San Diego, 3; Santa Ana, 0.

Goose eggs represent the points debaters from the Santa Ana High School made yesterday afternoon in simultaneous debates with representatives of San Diego High School. The contests were held yesterday afternoon in the high schools at both places. Charles McClain and Hugh Osborne debated at San Diego and Lloyd Cleaves and Robert Armstrong were the contestants here. San Diego was represented here by Ione Riley and Mr. Scanlon.

The question under debate was: "Resolved, That the Regulations Governing Immigration of the Chinese Into the United States Should be Extended to Include all Asiatics." Santa Ana took the negative at San Diego and the affirmative here. The judges here were D. E. Brunton, recently of Fullerton and now principal of Orange Union; Prof. Hauck, formerly with Anaheim Union and now principal of Fullerton Union, and Prof. G. I. Johnstone of Orange.

The debates were arranged for the purpose of developing teams, and the poor showing made by Santa Ana is attributed to the fact that the extra work incident to the closing of the schools for the summer vacation made it impossible for the participants to give the time necessary to preparation for the debate. San Diego's schools close later than those here, and the representatives of those schools had more time to devote to a study of the question.

Paul Jones Middies at Gilbert's. Complete stock of all the late models, \$1.00 to \$1.50 at Gilbert's. Take elevator.

Dr. Jacobs, Santa Ana Painless Dentist, 102 1/2 East Fourth. Phone 253.

# WINTERSBURG'S NEWS BUDGET

SMELTZER AND WINTERSBURG. June 8—Mr. and Mrs. T. S. Burgess of Wintersburg, left last Saturday for a trip to Oklahoma.

Mr. and Mrs. Cleland Graham of El Monte, were visiting relatives and friends in this vicinity last week.

Mr. and Mrs. Albert Rouff of Wintersburg, spent Sunday at Seal Beach. Mr. and Mrs. J. S. McMillan of Smeltzer, spent Sunday at Long Beach. Miss Anna Kittler of Los Angeles, is visiting her brother, Emo Kettler, at Wintersburg.

Mr. and Mrs. Mendahl of Los Alamos spent Tuesday at the J. S. McMillan home, at Smeltzer.

Mrs. C. M. Roberson of Wintersburg, spent Tuesday at Santa Ana.

Mr. and Mrs. Andrew Moore of Smeltzer, their guests, Mrs. Mollie Chilson and Margaret Chilson of Berkeley, and Miss Lydia Moore left for a trip to San Diego Tuesday.

Earl Farrar of Wintersburg, is reported on the sick list.

Frank Draper, who is in school in Los Angeles, spent the week end with his parents, Mr. and Mrs. R. L. Draper, at Smeltzer.

A fishing party, composed of the following spent a couple of days last week at Little Bear lake and Deep Creek. Elmer Gothard, George Gothard, Geo. Gothard, Jr., Bert Gothard, Joe Gothard, George McGirk and Reuben Clemens, all of Wintersburg. They made the trip with the machine belonging to Elmer Gothard and the one belonging to Bert Gothard. This party did not have such good luck catching fish as they expected, but they enjoyed the trip immensely.

Ray Shaffer of Los Angeles, spent the week end with Mr. and Mrs. Andrew Moore at Smeltzer.

Mrs. A. F. Rice of Smeltzer, has just received a telegram announcing the sad news of the death of her step-mother, Mrs. J. J. Taylor, at Montpelier, Idaho, June 5. Mrs. Taylor visited here last winter. She had been in poor health for about a year, so the news was not entirely unexpected.

Miss Jessie Draper of Los Angeles, spent the week end with her parents at Smeltzer.

Mrs. H. Schueman of Smeltzer, went to San Pedro Thursday and returned Sunday, when Mr. Schueman motored over.

Mr. and Mrs. H. Weise and sons, Earl and Victor, spent Sunday with Mr. and Mrs. H. M. Beck, at San Pedro, as also did Mr. and Mrs. Schueman. The event was the wedding anniversary of the host and hostess, and a number of others made a pleasant party.

W. R. Stanley of Smeltzer, was in Los Angeles Monday.

Mr. and Mrs. George Gerhart departed Thursday on an extended trip east, visiting in Wisconsin, Indiana, and Lawrenceville, Illinois, and expect to be away from three to six months.

S. S. Teneick of Smeltzer, spent Saturday and Sunday with Mr. and Mrs. George Gano, at Fullerton.

This last week of school most of the students are able to be present at Ocean View, but a few are still absent on account of the whooping cough.

Last Friday evening the young people of Wintersburg surprised Miss Ethel Dwyer and spent a very pleasant evening. Miss Cleo Ulrich was in charge of the games and entertainment and there was not a dull moment. Ice cream and cake were served, and among those present were Mr. and Mrs. James Haptonstahl, Mrs. H. O. Ensign, Messrs. Lorin Maddux, Clement Maddux, Jim Maddux, Ray Walton, George Gothard, Kenneth Ufford and John Shutt.

The Misses Fern Bradbury, Ina Clemens, Lizzie Gothard, Ellen Shanat, Gertrude Shanat, Cleo Ulrich,

FRANZ HUGO KREBS, an American lawyer, who has just arrived from Berlin, brought with him the accompanying picture of Daniel Julian Beverley, in a German sergeant's uniform, whose name, he says, is not Bailey, as reports of the trial of Sir Roger Casement give it, but who is the man on trial for high treason with Sir Roger in London.

Pearl Brynes, Ethel Graham, Eva Murdy and Ethel Dwyer.

Miss Myrtle Culver of Los Angeles, spent the week end with her parents, Mr. and Mrs. J. W. Culver, at Smeltzer.

Elmer Worthy of Smeltzer, has been admitted to the bar and will practice in Santa Ana.

Frank Ulrich of Wintersburg, and Walter Buchler of Smeltzer, attended a blacksmiths' convention at Anaheim Saturday evening.

George Linn of Smeltzer, who has been away attending school, was visiting his parents at Smeltzer last week.

Miss Hazel Gerhart of Smeltzer, spent several days last week in Los Angeles.

Rev. Waltz, pastor of the Methodist church at Westminster, and Rev. Kent, pastor of the Wintersburg Methodist church, exchanged pulpits last Sunday evening, and the sermon by Mr. Waltz was enjoyed by all who heard him. A choir composed of the young people of the church rendered some very pretty selections.

Mr. and Mrs. W. G. Lewis spent Sunday with Mr. Lewis' mother in Los Angeles.

Last Sunday was the birthday of John Shutt of Smeltzer, and Jim and Lorin Maddux enjoyed dinner with him. During the afternoon Mr. and Mrs. Maddux and Albert Maddux came over and ice cream and cake were served.

Mr. and Mrs. J. O. Pyle of Smeltzer, spent Sunday with Mrs. Pyle's mother, Mrs. William Kesenan, and Miss Nora Kesenan, who who are spending the summer at Arrowhead Springs.

Mrs. Belle Clemens of Santa Ana, spent a few days last week with her daughter, Mrs. Harry Woodington, at Smeltzer.

The Queen Esther Circle met at the home of Mrs. James Haptonstahl Tuesday evening and new officers were elected as follows: superintendent, Cleo Ulrich; president, Lizzie Gothard; vice president, Mrs. James Haptonstahl; corresponding secretary, Viola Walton; recording secretary, Ina Clemens; treasurer, Fern Bradbury; program committee, Cleo Ulrich, Mrs. Haptonstahl, Gertrude Shanat, Ethel Gothard, Grace Masters.

The Y. M. C. A. of Wintersburg met at the home of Bloomer Crane Tuesday evening and decided to adjourn their meetings for the summer, when they will again take up their work.

day evening and new officers were elected as follows: superintendent, Cleo Ulrich; president, Lizzie Gothard; vice president, Mrs. James Haptonstahl; corresponding secretary, Viola Walton; recording secretary, Ina Clemens; treasurer, Fern Bradbury; program committee, Cleo Ulrich, Mrs. Haptonstahl, Gertrude Shanat, Ethel Gothard, Grace Masters.

## THE STORY OF THE FLOWER MISSION

By Julia A. Garrison

The flower mission department of the Woman's Christian Temperance Union is one of the most beautiful and sacred benefactions. It is the department within the means and reach of its workers, and carries God's message of love to the humblest of His creatures.

Its loving ministrations extend white arms to the sinful and sorrowing; it hears the pathetic plaint of babes in hovels and attics, in hospitals or asylums, and where human misery appeals for consolation among the wayward and erring there will be found the angel of the flower mission seeking to dry the tear of sorrow and scatter blossoms of sunshine and sweetness into darkened human lives.

In our own sunny California, where nature riots in the profusion of her bounties of fruit and flowers, where abundance sits smiling on every hand, there should be none destitute, none suffering for the necessities of life. We have no long, cold winters, when mother earth is wrapped in a mantle of ice and snow, and no green leaf or gay flower is seen to cheer and brighten the frozen vastness.

"Here everlasting spring abides, And never fading flowers," and no orphan or crippled child, no overburdened, discouraged mother, not even the unfortunate down and out class behind prison bars, should be denied the joy of receiving these silent messengers of love and beauty.

Another feature of this work is the distribution of flower and vegetable seed, plants when available and encouraging the cultivation of vacant lots, planting of trees and improving all bare, unsightly places possible. It favors gardening by school children and the inculcation of a love of the beautiful in the minds of the young.

Paul Jones Middles at Gilbert's. Complete stock of all the late models, \$1.00 to \$1.50 at Gilbert's. Take elevator.

When on a visit to Louisville Miss Frances Willard heard the story of the saintly woman's wonderful achievements and obtained an interview with her. Of that visit Miss Willard wrote as follows:

"With an earnest prayer for guidance I sought her sacred presence. Never shall I forget the kindly smile, the soft and tender hand clasp, the Bible on the snowy counterpane, the fresh flowers on the pretty shelf between the bed and window.

"We talked of these winsome heralds of good will, with the beautiful 'mission' of which Miss Casseday was already connected, and I asked if she would accept the superintendency of such a department should it be established by the convention. To this she consented, although already having much Christian work on hand, and from that day until her death, ten years later, she was our faithful and beloved leader in the most lovely line of Christian endeavor among all our forty-six different departments."

The great work then inaugurated has grown into a mighty power for good in every community where an organization of the W. C. T. U. exists. Its scope and influence is not limited to the distribution of flowers and text-

Will see his patients as usual, as the sale will not interfere with his work.

## AN OPEN DOOR FOR GRADUATES

Speaker Tells Students They  
Will Probably Get What  
They Prepare For

WESTMINSTER, June 9.—Rev. W. J. Waltz of the M. E. Church preached the baccalaureate sermon of the grammar school Sunday morning at the Presbyterian church to a good sized audience. He preached a very appropriate sermon from the text, "Behold, I set before you an open door and no man can shut it."—Rev. 3:8. He said among other things that the world has progressed more in the last fifty years than in the 5000 years preceding. Jesus Christ has opened many doors. Some of these doors are educational doors. Only a few years ago high school doors were locked and no one could enter, but now they are open to every boy and girl who says "I will." College doors are also open where once only a few could enter. The speaker said his son, who worked his way through college, paying his expenses entirely by his own efforts, felt called to study medicine but it being an expensive course he did not want to begin it till he saw where every dollar was coming from. Finally a banker offered to furnish whatever he needed. A letter has just been received from the son, in an eastern college, saying that he earned \$550.00 the past year, he earned \$550.00, needed

What does  
he get?

WHEN your husband props his newspaper up against the sugar bowl at breakfast and raises his coffee cup to drink—

What does he get?

Just coffee? Or fine coffee—with that smooth, rich, satisfying flavor? Between "just coffee" and Schilling's Best there's a vast difference!

This difference is not only in flavor and pleasure, but also in the number of cups in a pound. Schilling's Best goes further. To prove this, follow the directions in the vacuum-sealed, airtight tins.

Sold only through grocers.

Schilling's  
Best

## LIST OF USED CARS

We have the following used cars for sale:

Studebaker "25" touring car. One of the best cars we ever had.

Studebaker "25," electric lights and starter; been used but a short while. A splendid touring car.

Studebaker "6," electric lights and starter; splendid condition, like new.

Overland touring car. This car taken in exchange on a new Studebaker. For the price it's a good one.

The above cars may be seen in our salesroom. Come and investigate if you are in the market for a good car. NO JUNK.

Wm. F. Lutz Co.

to borrow only \$150.

"God opens a door and he defies the world to use it," said he. "Two things are necessary that these doors may be opened—willingness and preparedness. We hear a great deal about preparedness nowadays. A father prepares his boy to be a hunter by giving him a gun and ammunition and sending him out to hunt game. Roosevelt enjoys nothing so much as to go out and shoot big game, but he had to prepare for it. Teach a boy to be a good soldier and he will want to shoot men down. We generally get what we prepare for; witness Europe."

Addressing the graduates, the speaker told them God opened a door when they entered grammar school and they had made the best of it. Now the high school door is open. If a young man or young woman is willing and prepared to enter the high school door and the college door, other doors of greater usefulness will be open to them in the future, and no man can shut them.

In giving out notice of the corner stone laying at Seal Beach next Sunday afternoon, Rev. Waltz said 2000 people are expected to be there.

A very delightful dinner party was given by Mrs. Eva W. Dickey and daughters at their home Tuesday evening in honor of Mrs. Frank Carlyle and daughter, Virginia, who will leave next week for an extended visit in the Central West and East. Mrs. Will Dickey and children of San Antonio, Texas, were present and as this is her first visit to California, the occasion received added zest and charm by her presence. The other guests were Mr. Wallace Dickey and Mrs. Baker of Van Nuys, Mr. Wells McCoy and family, Mrs. John Patterson, Mr. and Mrs. Wardle. Floral decorations with shaded candles shed their beauty on the dining table on which was served a delightful dinner. Good cheer and fellowship made the evening all too short and an occasion long to be remembered.

Mrs. Wardle and her sister, Miss Gilbert, returned last Thursday from Los Angeles, where they have been spending several weeks. Miss Gilbert is much improved in health as a result of the treatments she has been taking.

Mr. Ogden, who has rented Mrs. Carlyle's house, will move from Long Beach with his wife and two sons this week.

Mr. and Mrs. John Coates of Los Angeles came Monday for several weeks' visit with their son Stanley Coates and family.

The Ladies' Missionary Society of the Methodist Church met this week Thursday afternoon with Mrs. Ed Finley.

Rev. W. T. Wardle of the Presbyterian Church of this place has been chosen to preach the baccalaureate sermon for the graduates of the Huntington Beach High School. This service will be held in the Methodist church at Huntington Beach next Sunday at 3 p. m. The commencement exercises will be held at the high school auditorium Thursday, June 15, at 8 p. m. Instead of having a speaker as for a number of years past, the class will follow the good old custom of conducting its own graduation exercises. The class, numbering twenty-nine, is the largest yet graduated and includes the following young people from this place: Henrietta Dickey, Marjorie Byram, Laura Thompson and Frank Linn.

The graduation exercises of several of the grammar schools in this district will be held at the Huntington Beach grammar school auditorium Monday evening, June 12. Judge Thomas and County Superintendent Mitchell will be the speakers and the schools will furnish musical numbers. Westminster school will furnish one. There will be a program for the pupils by the teachers instead of by the pupils, Friday afternoon at the school house. Prof. Hosack, the principal, will entertain the pupils of his room at his home Friday evening. These include the sixth, seventh and eighth grades.

## AUSTRIANS ORGANIZE FUND FOR YOUNGSTERS

VIENNA—Alarmed at the increase in juvenile crime and the deplorable condition of so many thousands of children, the Austrian Red Cross is organizing a special fund for the care and relief of the young.

It is difficult to tell just how greatly juvenile crime is on the increase throughout the country, but the Vienna police report a sad state of things at the capital.

In the suburb of Hietzing, bordering on the imperial castle of Schoenbrunn, where the emperor has been in residence throughout the war, the number of juvenile offenses rose to 1090 in the first 12 months of the war, as compared with 650 in the previous corresponding 12 months.

The Red Cross officers believe that many of these evils arise from poverty and other causes which a judicious expenditure of money may remove, hence their decision to organize a relief fund.

## COURT RULES TALLOW OIL SAME AS OLEO OIL

PHILADELPHIA, Pa.—Tallow oil is oleo oil, Judge McPherson decided in the circuit court of appeals.

The question came up in a dispute of long standing between the Pittsburgh Melting company and the government meat inspection. A certain oil from animal fat and sold by the company as tallow oil is an oleo oil, the basis constituent of oleomargarine, the court decided. It is a meat product, fit for human consumption, and as such is subject to federal meat inspection before it can be shipped in interstate and foreign commerce.

The company had contended that it was only an industrial oil.

The Next Universal Kindergarten—Will it be Germany? will be the subject at the Big Tent tonight. Corner Fifth and Broadway.

Hot coffee and sandwiches at the Red Cross garden fete Friday, 7:30 p. m.

Mrs. John Graber, an ardent suffragist, has been elected constable of Smith, O., an office for which she was not a candidate. She did not even know that she was being voted for.

## REPRESENTATIVE RANDALL WOULD REVOLUTIONIZE SECOND CLASS POSTAGE

Representative Charles H. Randall of California, a member of the committee on postoffices and post roads, has introduced a bill which would revolutionize the rates of postage paid by newspapers and magazines. He claims his measure would wipe out the sixty million dollar loss which the Postoffice Department claims it sustains annually on account of the present rate of one cent per pound. It is further claimed the present system constitutes a rank discrimination against the small weekly and daily newspapers of the country by permitting the big monthlies and weeklies published in large cities to go into the territory of the former on a virtually subsidized basis.

The bill offered by Representative Randall follows: "Be it enacted by the Senate and the House of Representatives of the United States of America in Congress assembled:

"Section 1. That all newspapers, magazines and other publications regularly admitted to the mails as matter of the second class, shall hereafter be subject to the following rates of postage, the zone system now applying to parcel post matter to be adapted also to second class matter:

"Local, first, second and third zone (under 300 miles) 1 cent per pound.

"Fourth zone, 300 to 600 miles, 2 cents per pound.

"Fifth zone, 600 to 1000 miles, 3 cents per pound.

"Sixth zone, 1000 to 1400 miles, 4 cents per pound.

"Seventh zone, 1400 to 1800 miles, 5 cents per pound.

"Eighth zone, over 1800 miles, 6 cents per pound.

"Provided, that free-in-county circulation provided by law shall continue as at present, and provided, further, that no discrimination in rates of postage on account of frequency of issue shall be permitted in the city or town where a publication is mailed, or otherwise."

Mr. Randall says that at present the great bulk of mail being carried distances under second class rates is furnished by the magazine publishers of large eastern cities. Trainload after trainload of magazines are sent out to all parts of the country, at a cost of one cent a pound, although it has been estimated by postal experts that it costs over eight cents a pound to deliver such literature.

This, it is claimed, is manifestly unfair to the publishers of newspapers in local territories, who are required to pay the same rate for the transportation of their products.

products in their territories are seldom considered nowadays in the distribution of big advertising appropriations. The money goes rather to the huge magazine corporations which are growing fabulously rich, and which pay only a fraction of the cost to the government for the service furnished them.

When it is realized that the publishers of newspapers in the smaller towns and cities scarcely more than break even and make a living from their publications, is it not fair that the government should collect from these huge corporations the cost of the service entailed?

It is pointed out that if a zone system were to be applied the rate on advertising placed in the local newspapers where it belongs, and the big magazines required to share some of their fancy profits with the government, which is now carrying their product at a loss estimated at over \$60,000,000 per year, for at the present time the department is losing over \$60,000,000 per year on periodical mail, which is offset by a profit of more than that amount from letter mail.

## RADIUM SCREEN WILL GIVE SIGHT TO BLIND, DECLARES INVENTOR

PITTSBURG—After experimenting three years and spending a fortune, Ethan I. Dodds, a Pittsburgh chemical engineer, has invented a radium screen which he believes eventually will enable the blind to see. Where the retina of the eye is not entirely destroyed, he says that it will be possible to carry an object to the brain through the optic nerve by means of the screen.

Mr. Dodds says that he will give the world the benefit of his discovery. He is the chief engineer of the American Vanadium company, the Standard Chemical company, and the Best Electric company, allied concerns. He says he received his inspiration to try to aid the blind from a remark of a blind man who said he longed to see moving pictures.

Mr. Dodds, in the William Penn hotel, blindfolded a man with linen and a blanket to demonstrate his theory. Radium, valued at \$20,000, was spread on the white cloths, the room was darkened and an electric bulb was used in the experiment. Although the man's eyes were closed and the bandages shut out all light, he could distinguish the outline of objects passed between his face and the electric light.

## IN THE JUSTICE COURT

ONE MAN, TWO  
WOMEN JAILED  
IN HAY THEFT

Thirty-day Sentences Raise  
Violent Protests From Three  
Bohemians of Delhi

Convicted of stealing alfalfa hay, Theresia Malenovsky and Bertha Vana, women, and Vana Wonnak, a man, all of Delhi, were this morning sentenced by Justice Cox to thirty days in the county jail.

Vehement protests were registered by the three Bohemians. They protested when they were arrested. They protested more strenuously in the court room. They protested every foot of the way from the court room to the jail, and at the jail in three different languages they demanded they be allowed to go free. They offered to pay fines of \$100 apiece. They got no chance to pay a fine.

Peanut Butter  
Made Fresh  
While You Wait

I have installed a new peanut butter machine, the only one in Orange County and am now prepared to make butter fresh daily.

ASK FOR HILL'S  
QUALITY PEANUT  
BUTTER.

The peanut butter we make is a much better quality than that which is put in bulk or jars and carried for months in stock before getting to the consumer.

HILL'S QUALITY  
PEANUT BUTTER

Machine is at Store No. 3,  
213 West Fourth St.

S. M. Hill

"Last year there was a lot of hay stealing around Delhi," said the justice, "and I am informed that it has started in again this year. Jail sentences ought to put a stop to it."

Boyd Ellis is the rancher who lost the hay, and he is the man who chased a load of hay into Delhi. The hay was drawn by a lone black horse. Ellis rode in an automobile. The wagon got to the barn first, and when Ellis arrived the hay was off the wagon.

Tuesday night about 300 pounds of hay disappeared from Ellis' field. Last night about 10 o'clock he and Carl Ward, who is employed by Ellis, were driving east on Delhi road to Ellis' place. They turned the auto lights on to a buggy, and saw two women and a man upon it. Ellis recognized them as Bohemians who live at Delhi. Suspecting thievery, Ellis turned out his lights, went into his place, and went on watch. Ellis did not count upon the speed with which the wagon was loaded. By the time he got to the field a quarter of a mile from his house, about 1000 pounds of hay had been thrown over the fence and piled on the wagon.

Ellis made a run for the wagon, but the black horse was already given the lash and on the way to Delhi. Ellis had to run back home a quarter of a mile before he and Ward were in chase in an automobile.

At Delhi Ellis had to stop ten minutes before he located the houses where the Bohemians lived. He found the horse dripping sweat, but the hay was unloaded and in the barn. Those Bohemian women must be master hands at handling a pitchfork.

Sheriff Jackson was called, and to him a number of statements were made by the Bohemians that did not go well with the prisoners in court this morning.

Held to Answer  
Pedro Delgado, a Mexican, was ordered held to answer for trial in the superior court upon a charge of practicing medicine without a license.

## AMUSEMENTS

## GRAND OPERA HOUSE

It would be hard to find a finer tribute to an actor than that of William Winter, the noted dramatic critic and author, to Tyrone Power in the preface of his first book in his series of Lives of Players. Mr. Power is to bring "The Servant in the House" to the Grand Opera House next Monday night, and as Mr. Winter's words are both appropriate for the occasion and eminently deserved, it is a pleasure to reprint them in this paper.

"I have chosen Tyrone Power as the subject of the first of these projected biographies because his life has been one of exceptionally interesting adventure—in some respects as romantic as even the most persuasive reason that the example provided by his perseverance against many and stalwart obstacles and his patient endurance of much and grievous hardship and disappointment has enlisted my sympathy as one that is worthy to be commended to respect and emulation. Inquiry and observation relative to his career has shown me that he has continuously cherished a high ideal of the actor's art, and sedulously wished and labored to do fine things, to merit a high rank and to dignify the theatre and benefit society, and therefore I believe him to be one of the actors of this transitional period who especially deserves to be cheered, encouraged and celebrated."

At the Temple  
The Temple Theater played to a full house and a thoroughly appreciative audience last night on the first showing of local scenes in moving pictures. Several local persons appear in amusing scenes and as the picture progresses the house is kept in a state of laughter. The pictures will be shown tonight and Sunday.

FORGERY ADDED  
TO CHARGE OF  
EMBEZZLING  
BY WEAVER

Bogus Signature to Contract,  
Bogus Signature to Check  
For Automobile

Beside \$550 that he got when he sold an automobile to City Attorney E. J. Marks of Fullerton, Irwin H. Weaver absconded with whatever money he got for an automobile that belonged to Rev. J. A. Stevenson, pastor of the First Presbyterian Church, who had befriended Weaver.

Strange and incomprehensible transactions of Weaver have been uncovered. Forged contracts, which he afterward took from the office of Charles L. Davis of Santa Ana, for whom he worked as salesman, and a forged check for \$1247.50 are among the features of Weaver's career here. Out of five sales of automobiles, Weaver turned in to Davis all of the cash he got from three sales and along with that cash he turned in forged contracts, evidently for no other purpose than to make Davis think that he got good prices for the cars.

He came here from San Quentin on parole. He was serving a two-year sentence for grand larceny at Sacramento when he was given a chance to make good. He was given opportunities here to make a man of himself. He abused confidence, and used them to defraud his best friends.

The first accusation of swindling brought to the attention of officers came when it was learned that he had secured \$550 from City Attorney Marks of Fullerton as part payment for a new Auburn automobile, taken from Davis' garage. Yesterday Davis demanded possession of the automobile, and Marks refused to give it. Marks' view of the case is that Davis will have to lose the money, not Marks. Marks expects Davis to sue for possession.

Sold Automobile  
It has developed that Weaver sold an automobile for Rev. Stevenson. Rev. Stevenson told Weaver to sell the car for \$400, and when Weaver got a chance to pick up a second-hand car of a kind that the minister described, to do so.

A few days ago, Weaver reported that he had sold the car for \$375 on a contract, \$25 being paid down. That contract was turned in to Davis, and with it went \$425. Whether or not Weaver sold the machine for cash and turned in a forged contract is not known. He may have gotten nothing out of the deal for himself.

An investigation has shown that Weaver sold a machine at Placentia for \$400, got the cash, gave a receipt in full payment for the sale, turned over \$400 to Davis, and turned over also a forged contract of sale for the machine for \$575.

Two or three similar transactions were uncovered, in which Davis took nothing for himself.

When Weaver disappeared on Tuesday, several of the contracts that he had turned in were taken away by him. It is supposed that all of them were forged. Among them was the one for Rev. Stevenson's Kissel-Kar. As that was the only record as to whom that machine was sold, Davis has not the name of the man who bought the car. However, the machine was seen in Santa Ana in the last twenty-four hours, and it is supposed that it was some one near Santa Ana who bought it from Weaver. When the possessor is interviewed it will be known whether or not Weaver got anything more than \$25 down on the machine.

Peculiar Transaction  
One of the peculiar transactions uncovered is the forging of a name to a check for \$1247.50. Weaver reported that he had sold an automobile to a dentist at Anaheim. He turned in a check, the blanks of which were filled in which a typewriter, all except the signature, which was "Finley H. Houke." It is supposed that the name selected by Weaver for the forgery was that of Dr. Frederick H. Houke of Anaheim.

The check was a counter check on an Anaheim bank. It was dated ahead to June 9, for the delivery of an automobile. In that transaction Weaver got no money.

He did get away with \$550 paid to him by Marks. The last seen of him was on Tuesday, soon after he got this money.

WILSON TO ADDRESS  
GOTHAM PRESS CLUB

WASHINGTON, June 9.—President Wilson has accepted an invitation to speak in New York June 30, before the New York Press Club.

SHOULD SLOAN'S LINIMENT  
GO ALONG?

Of course it should. For after a strenuous day when your muscles have been exercised to the limit, an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, lumbago, stings, bites and the many accidents which are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp without Sloan's Liniment," writes one vacationist. "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.

Special June Clearance Sale Coats, Suits, Millinery. Take the elevator and save money at Gilbert's.

If you're a fisherman try your luck at the Red Cross fish pond Friday evening. Elks' band.

You should hear Evangelist Folkenberg tonight at the Big Tent, corner Fifth and Broadway.

## DIED

GLINES—At the county hospital, June 9, 1916, E. P. Glines, aged 36.  
—Deceased was the son of Mr. and Mrs. P. L. Glines of Smeitzler, and was a brother of Roland, Claude, Myrtle, Violet and Lila Glines.

AMORO SATO NAMED AS  
CHINDA'S SUCCESSOR

WASHINGTON, June 9.—Amoro Sato, former Japanese minister to Austria, has been selected as ambassador to the United States to succeed Viscount Chinda, whose transfer to the ambassadorship at London recently was announced.

Mr. Sato is best remembered in America through his connection with the Japanese delegation to the Portsmouth Conference in 1905, which ended the Russo-Japanese war. He was attached to the delegation for the special purpose of acting as intermediary with the American press and discharged the delicate duties of the assignment in such a manner as to make many enduring friendships here.

1 DEAD, 15 HURT AS  
'L' TRAINS COLLIDE

NEW YORK, June 9.—A grand jury investigation was begun last night into a rear-end collision yesterday between two elevated railway trains in which one person, a motorman, was killed, and fifteen were injured, some perhaps fatally. Edward Grove, the towerman on duty at the scene of the crash, was arrested on a charge of homicide after a coroner's inquiry. All injured were passengers in the first car of the local train, southbound.

FIRST SUIT IN BURMAN  
ACCIDENT IS BROUGHT

RIVERSIDE, June 9.—The first action for damages against the Corona Racing Association growing out of the accident in which "Wild Bob" Burman lost his life at the last Corona road race, was filed by Seaman E. Meek of San Bernardino, who seeks to recover \$5000 damages and costs. Meek, who is 18 years old, suffered a broken leg when Burman's car left the track and plunged into the crowd.

Do not forget the lectures at the Big Tent every night this week and next. They are both entertaining and instructive.

FRANCE DECIDES ON  
'DAYLIGHT SAVING'

PARIS, June 9.—"The daylight saving bill" has passed. All clocks in France are to be advanced one hour at midnight of June 14. The measure will be in force until October 1.

'GHOST SMOKE' IN  
BUILDING, MYSTERY

SACCO, Maine — The "ghost fire," so-called by the fire department, which has been endeavoring to locate the source of the smoke which filled for seventy-two hours a big three-story brick block on Main street, has at last ceased to bother the occupants of the building.

They were routed out of their beds recently by smoke which filled their rooms. For three days the smoke, which came from an unknown source, continued to float through the corridors and pour from the windows. The firemen searched every part of the building, endeavoring to locate the fire. They bored holes in the floors and walls and examined every part of the basement. It was thought that faulty electric wiring might have caused the "ghost smoke," which penetrated the building for so many hours but electricians who have gone over the wiring say that such is not the fact.

The tenants of the block have unpacked their belongings and settled down to the routine of life, as before the "phantom fire."

WHAT DOES GEN. JOFFRE  
CARRY IN COAT POCKET?

PARIS — What has he got in his right coat pocket? is a question everyone asks whenever the familiar figure of General Joffre is thrown up on a moving picture screen.

The pocket is always noticed to bulge so much as to preclude the supposition of a handkerchief or a pair of gloves.

A pipe with tobacco pouch? A mask to protect the general from suffocation by German gas? Military maps? A book? These are some of the guesses. The press is being bombarded with inquiries on these lines and as to what book the general is so interested in that he carries it around with him to all the reviews.

MISSOURI PEONY FARM  
COVERS HUNDRED ACRES

CARTHAGE, Mo. — It is peony time in Sarcoxie, fifteen miles east of Carthage. Thousands of visitors now are flocking to the waving fields of flowers which this year are more beautiful and attractive than ever. More than 100 acres of flowers are now in bloom and it is estimated that more than 1,000,000 buds will be shipped from Sarcoxie this year to the city markets.

Peonies are in great demand for Decoration day. About 100 men and women each day are employed in cutting the flowers, while twenty women work at the task of packing them for shipment.

A nursery firm in Sarcoxie embarked in the peony business about ten years ago in a small way. Now it is said the field in Sarcoxie is the largest of the kind in the world.

HE'LL CARRY CAR FARE  
ONLY IN SECRET POCKET

CLEVELAND — Martin Ullmann, 1400 East Fifty-fifth street, says hereafter he'll carry nothing but car fare and this in a secret pocket.

Ullmann has been robbed twice in the last two weeks, once for \$2 and a note for \$69, and again for \$31. Fred Werner, who pleaded guilty in Judge Moynihan's court to making the second haul, was sentenced to \$25, costs and 30 days.

## AT THE COURTHOUSE

PROBATION FOR  
MANSFIELD IS  
DECISION

Man With Too Many Wives Is  
Given Chance, Only One  
Chance, to Make Good

Edmund Mansfield was given probation by Judge Thomas this morning. A week ago he pleaded guilty to bigamy. One of the terms of his probation is that he shall not keep company with any girl until he is legally free from the two wives he now has.

"No man who has a legal wife has any right in common decency to keep company with any other woman," said Judge Thomas. "He has no right to lead any other woman to believe that he loves her. You are also to keep the ordinary rules of probation of this court."

Judge Thomas sentenced Mansfield to two years in San Quentin, and suspended the carrying out of the sentence.

"It is up to you," said he. "If you break your probation, it will be you who are sending yourself to San Quentin. I am giving you a chance, and only one chance."

Mansfield was married in New Jersey. He and his wife went to Los Angeles, and separated. He became acquainted with Mrs. Winnifred Steward, who had not yet received a final decree of divorce from her husband. In court this morning, Mansfield stated that he married Mrs. Steward in Santa Ana. He had no money. She paid their fares, paid for the license and gave the minister a fee.

To Quiet Title  
Suit to quiet title to eighteen acres of land on Holt avenue has been brought by Sam Davis against the Torrey estate. Davis recently got the property on a court sale. The action was found necessary to clear title. Williams & Ruten represent the plaintiff.

Set for September  
This morning Cyrus L. Adams of Los Angeles, formerly of Orange, was arraigned on a charge of libel. He is accused of circulating a statement attacking J. W. Morrison, K. E. Watson and Ralph Fuller, during the recent city campaign at Orange. Adams was represented by Attorney Hawley of Los Angeles. On Hawley's request the case was continued to September 19.

Articles Filed  
Articles of incorporation have been filed by the Smelter Lima Bean Growers' Association, organized for the purpose of marketing beans. The directors named are G. W. Moore, W. E. Chilson, John Kettler, C. H. Madrox and R. L. Draper.

Suit on Note  
Suit on a \$1500 note has been brought here by the First National Bank of Artesia, New Mexico, against W. D. Wall, Williams & Ruten are attorneys for the plaintiff.

Answer is Filed  
An answer has been filed by Attorney Clyde Bishop for J. D. Hutton, who has been sued for \$10,000 damages.

ages by the State Compensation Insurance Fund, alleging that Hutton's automobile ran into Henry Hoseman, an employee of the J. W. Robinson Company of Los Angeles, on the Newport Beach boulevard. The Los Angeles company had its employees covered by insurance with the state, which is attempting to hold Hutton responsible for the accident.

Recorder's Office  
A declaration of homestead has been recorded by Catherine M. Carter on lots 52 and 53, Hotel Del Campo tract, Anaheim.

A contract is recorded from Mrs. J. D. Sherer to Carl Olson for a two-story brick building at Huntington Beach, for \$4557.

For Administration  
A. J. McFadden of Irvine has asked for letters of administration upon the estate of Robert H. Sloan, who died in Delaware. Sloan's estate here consists of lots on East First street, Santa Ana. Scarborough & Forgy are attorneys for the petitioner.

Marriage Licenses  
On June 8—John G. Hunter, 22, Whittier, and Mary Elizabeth Miridakis, 19, Berkeley; George T. Sinclair, 35, and Mabel Maher, 32, both of Los Angeles.

PASSES RELIEF BILL  
WASHINGTON, June 9.—A bill for relief of 800 mail contractors in the South, whose pay was withheld during the Civil War, has passed the House.

PUBLISHER McLEAN  
DIES IN WASHINGTON

WASHINGTON, June 9.—John R. McLean, publisher of the Washington Post and the Cincinnati Enquirer, died today. He had been ill many weeks.

Just at Present We Are Selling  
A Great Many  
Suits

The Big Values We

W. T. KIRVEN & COMPANY

212 West Fourth St.

SANTA ANA DAILY REGISTER, FRIDAY EVENING, JUNE 9, 1916.

# The "Jewel Beach City" of Southern California

## PROSPERITY IN EVIDENCE IN THE BUSINESS SECTION

The business section of Seal Beach is rapidly expanding. Several new business blocks are in process of construction.

Among the merchants are the following: M. M. Litten, formerly of Santa Ana, is now proprietor of the Seal Beach Furniture Co. He makes a specialty of renting and selling low-priced furniture to resort visitors. He also rents tents to those who are strong for outdoor life.

Recently Mr. Litten has added a full line of paints.

The dry goods store you see on Main street, just off Ocean avenue, is Henry Anderson's. Mr. Anderson has had a wide experience in his line. Visiting ladies need not truck along a supply of crocheting and tatting yarn. Anderson carries a well-stocked line of fancy work material. Men's furnishings may also be had here. But the specialty of the store is Beach Apparel.

The A. B. Snow Lumber Company, M. H. Snow, manager, is doing a rushing business these days. Its yards are located just off the foot of Main street, or, to be exact, at Sixth and Electric.

Mr. Snow's slogan is "Buy your building material at home," and to this extent has stocked up with all that is required for building, namely, lumber, lime, cement, roofing, beaver board, etc..

O. O. Richardson, of Richardson's Grocery, claims to be the first merchant in town. When he came to Seal Beach his store was a sort of general place where everything could be bought from matches to fire engines. As the city grew, Mr. Richardson gradually cut down his lines. Today he carries groceries exclusively and operates one of the busiest stores in town.

Everybody knows Walter Stortz, the plumber. The big sign over his shop can be seen from any part of town and for some distance before you get to town.

Stortz is the only plumber there, and the building rush keeps him on the hum continually. A quiet fellow personally is Stortz, and a hard worker.

C. A. Little, owner of the Seal Beach Pharmacy, officer of the Chamber of Commerce and member of the Automobile Club of America, is a man of wide experience in his line. He was one of the first merchants in town, and has developed a busy drug store. Mr. Little carries a full line of beach comforts in addition to drugs and cigars.

The Seal Beach Garage, A. J. Morris, proprietor, is located at the foot of Main street. Mr. Morris has had ample experience in the automobile business. His assistants, likewise, are expert machine men.

Mr. Morris insists a garage is the place to leave your car—"safety first"—and keeps his place open almost continually.

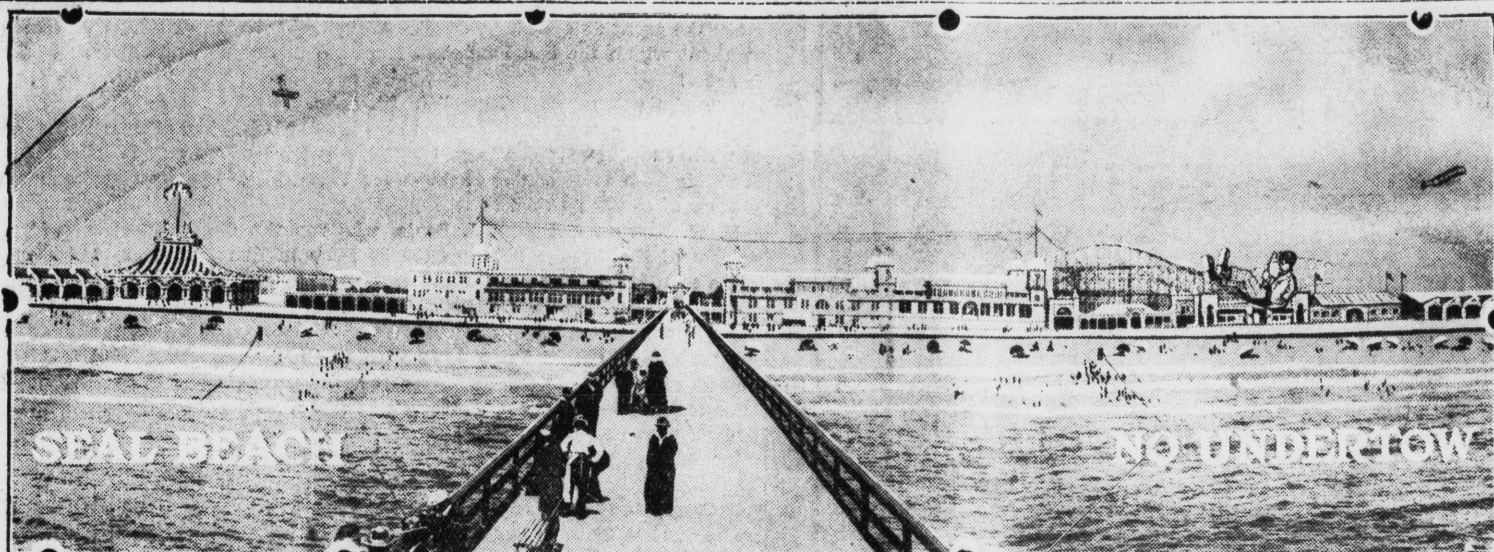

J. J. Mottel, who operates the large and handsome undertaking establishment at Long Beach, has opened a branch at Seal Beach. Because of the nearness of these two places Mr. Mottel is able to give practically the same efficient service at Seal Beach as he does at Long Beach.

His offices are run in conjunction with the Seal Beach Furniture Co. A speedy ambulance service is a feature of the establishment.

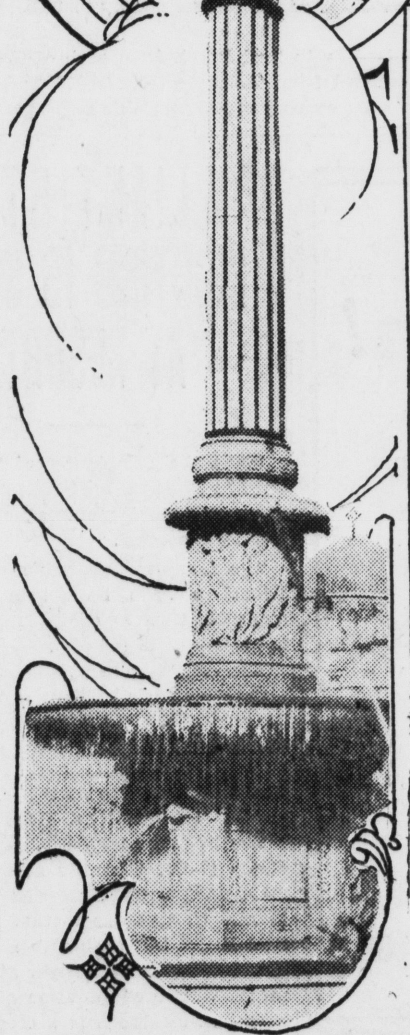

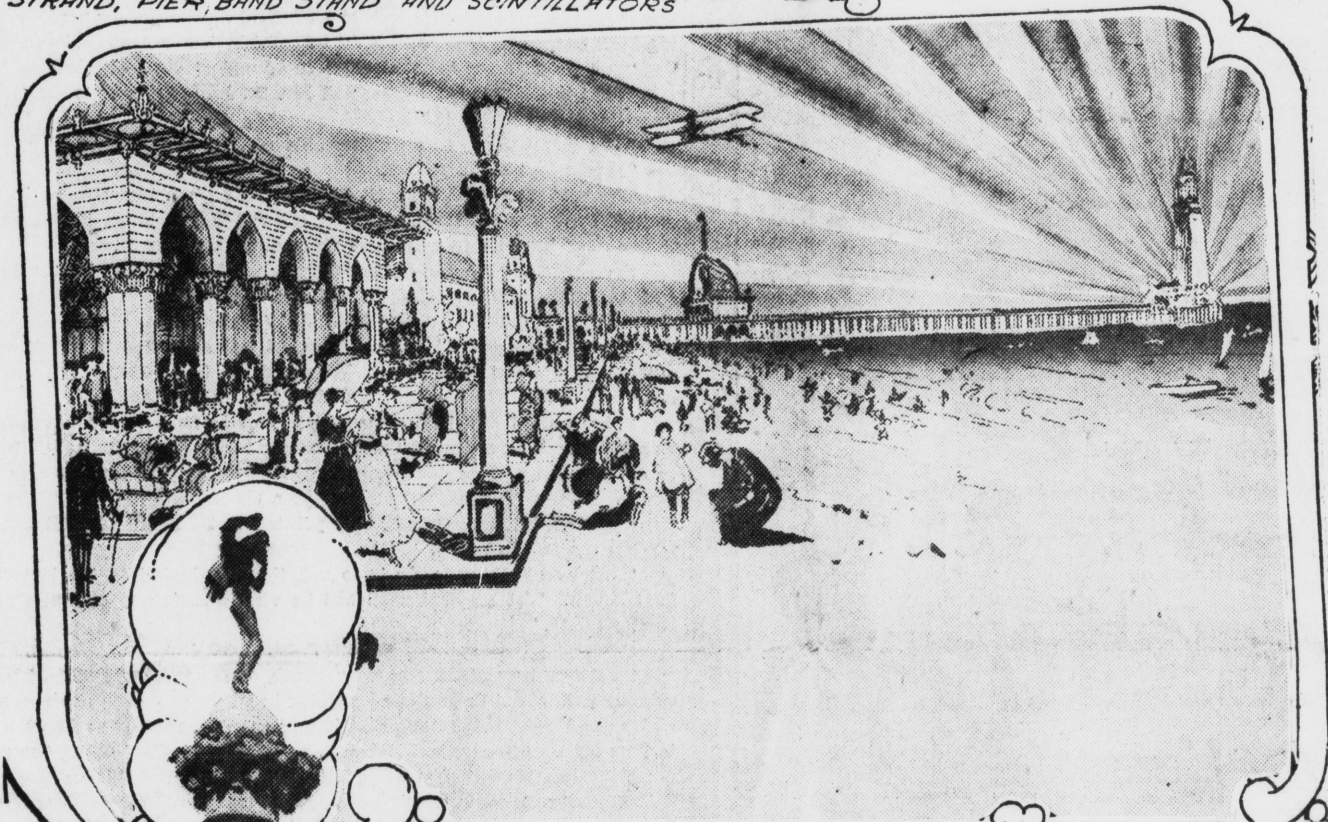

Deveney and Rogers are the big teaming contractors of Seal Beach. They have seventeen teams in operation, and haul anything anybody wants hauled to or from any place desired.

Incidentally, it may be mentioned that seventeen teams in a city the size of Seal Beach indicates things are moving.

The Royal Dairy, soon to be opened by Chas. McAllister, will be all that the name implies, and more. Mr. McAllister is a versatile sort of business man. He expects to make the best ice cream in Seal Beach, and to specialize

PERSPECTIVE OF SPANISH-GRECIAN BUILDINGS PART OF STRAND, PIER, BAND STAND AND SCINTILLATORS

FOUNTAIN OF THE SETTING SUN

MERRY-GO-ROUND

## PHENOMENAL IS GROWTH OF SEAL BEACH

to the pint and quart trade, both wholesale and retail.

The Seal Beach agency for the Huntington Beach Ice and Cold Storage Co. belongs to McAllister.

The Seal Beach Dye Works, T. J. Fox, proprietor, specializes in French dry and steam cleaning. Mr. Fox is soon to move into a large new location, where he can serve patrons in the most approved style. He is a man of long experience, and the type of business man any community ought to be proud of.

Mr. Fox also operates an alteration and repairing establishment in conjunction with his cleaning and dyeing store.

In addition to the above mentioned merchants there are two grocery stores and a small restaurant in the Seal Beach business district.

The growth of Seal Beach has been phenomenal. At this writing the population is 1200. At the next it may be double, taking into consideration the extensive improvements completed and those planned, and the character of entertainment offered at the beach front.

The fame of Seal Beach may spread far and wide during the next six

months, and estimates of population one year hence are but guesses at best.

### As a Home Place

Aside from the extravagant amusement features, Seal Beach is an ideal place for a home. For one, it is beautifully located. There is a commanding view of the ocean. Alamitos Bay on the north and Anaheim Bay on the southeast.

For the growing of ornamental shrubbery the soil is just as rich as one finds throughout the back country of Orange county. It is a sandy loam. Seal Beach is easily and conveniently reached from all parts of Southern California, either by electric line or by way of the improved county boulevard. The distance from Santa Ana is sixteen miles; from Los Angeles twenty-six.

### Safe Beach

Seal Beach is protected from the

danger of high tides, or tidal waves. Very little damage was done by the terrific storms of last winter, when neighboring resorts suffered large losses. To insure complete safety the Bay Side Land Company has had constructed a special breakwater along the entire front of Seal Way, some four thousand feet.

The waters are free from the treacherous undertow, feared by bathers. This happy condition is caused by Alamitos and Anaheim bays on either side, which cause the tides to break while they are yet some distance out and to flow in almost as "still" currents.

The bays also offer an ideal place for canoeing, sailing, rowing, boating and swimming. Anaheim Bay is four miles long and has some ten miles of navigable water. Shell fish are plentiful, such as oysters, cockles, scallops, soft shell and butterfly clams.

## A DELIGHTFUL JOURNEY THROUGH AMUSEMENT PALACES AND CAFES

### A Pool to Catch Your Own Fish, "Home-made" Fireworks; Famous Scintillators Among Exhibits

By C. Julien Kadau.

I had to cross a long board walk to reach a large building; then pass over a slippery floor, climb a set of high steps, walk again some distance to reach a door which opened out onto a balcony, on the extreme end of which was built an office chamber. Entering the chamber I saw, at the south end, that a keen-eyed, determined-jawed, clean shaven man of perhaps fifty sat looking over some architectural plans. It was another forty feet to his desk.

With the little breath not lost getting to him, I asked:

"Are you—Mr.—St. John?"

"Yes, sir," said the man right cheerfully and cordially. "Have a chair; you seem tired." There was a hint of humor in the offer. I continued to breathe fast in an effort to catch up. After I had rested a bit Mr. St. John asked:

"Well, sir, what can I do for you?"

"The editor sent me down to write up the town. I'm to get ALL the information—that's why he sent me to you."

Mr. St. John is resident manager of amusements at Seal Beach. Together with Frank Burt, who was director of concessions and admissions at the P. P. I. Exposition, he intends to make of it the most attractive resort this side of Coney Island. To know the man even slightly makes one feel he has it in him to accomplish anything he might undertake.

### THE TOUR BEGINS

After a few brief remarks Mr. St. John reached for his cap and we were off. It was a full five minute walk to the first concession at the end of the north front. As we walked along the manager said:

"This cement walk, called Seal Way, is thirty-five feet wide and four thousand long—four-fifths of a mile."

At the extreme south end, several blocks away, I could see the cement workers laying the last few hundred feet.

### THE AEROPLANE HANGARS

We had reached the north end.

"The aeroplanes in yonder shed are to have a permanent home here, known as the Aeroplane Hangars," began Mr. St. John. "Amusement demonstrating as well as passenger-carrying planes will be maintained and flights made at regular intervals by experienced and careful aviators. A training school will also be conducted, and it is the aim of The Jewel City Amusement Co., the concessionaires, to have a U. S. army official detailed as chief instructor. The aeroplane will play a prominent part in our opening day program."

### WELL-KNOWN AIRMEN

At this moment we were interrupted by a loud rattling.

"There goes Christofferson now for a test flight," pointed out the manager as a plane swooped gracefully into the air.

"Then some of the planes have already arrived?" I asked.

"Oh yes, Christofferson has been here for some time. Earl Dougherty, Chas. Newcomb and Herb Hogan are other airmen whose services the Jewel City Amusement Co. have secured. They will arrive just as soon as the hangars are constructed. We propose to amuse people on land, on water and in the air."

### THE AMMUNITION PLANT

Again we were interrupted. This time by a loud report.

High in the air I could see the blue and white fumes of powder.

"Christofferson fire that?" I asked.

"No," laughed Mr. St. John, "that came from the little building you see to the northeast; in other words, from our own ammunition and fireworks plant."

"Preparedness measures, eh?"

"No, sir!" said Mr. St. John with strong feeling. "We don't believe in war. We stand for life; a full and continual enjoyment of it to the end. That ammunition plant is for the sole purpose of manufacturing our own display fireworks. The men are testing some home-made skyrockets now."

### FREE PICNIC GROUNDS

We had started on our return and stopped before an enclosure of lattice work, painted in restful green.

"This is our free picnic grounds," began Mr. St. John. "It is for families, and for those preferring to bring their own lunch baskets."

We stepped on the inside. Neat tables, benches and chairs were set about in a space large enough to accommodate over five hundred people. "And if those coming here desire coffee, milk or refreshments they can get them at the picnic price of five cents," emphasized the manager, and then added: "Vines are to be grown along the lattice work, making of the grounds a beautiful arbor, all of which we are trusting will add to the coolness and enjoyment of pleasure seekers."

### WHERE MOST OF US EAT

Our next stop was before a large building alongside the pier. Entering,

Mr. St. John said, "this is Rathskellers, or the place where the basket picnickers will want to eat. The Chantant Cafe, more exclusive in nature, is upstairs."

"Let's go up at once," I suggested, knowing I would see enough of Rathskellers anyhow.

### CHANTANT—SOMETHING NEW

The entrance to the Chantant is on a level with the pier.

"You've heard of J. W. Miller's sunset dinners, I presume?" asked the manager; "they're famous in New York and Denver."

I answered, "Um, hum!" which is neither an affirmation nor a denial.

"Well, Mr. Miller is the manager of The Chantant. The feature here will be a pool of water in the center where patrons may catch a fish and have it cooked to suit on the spot. Another idea of Mr. Miller's is to have a supply of table percolators on hand—for the ladies who prefer to make their own coffee."

"Now let me show you the kitchen."

As we entered I noticed at once that special attention had been given to sanitary features. But the score of details and the enormous size of the brick ovens amazed me.

"What is the cost of installing such a kitchen?"

"About thirty thousand," was the answer.

"The Chantant is no place for a man who writes for a living," and I descended to the next building, which was on the opposite side of the pier.

### OLD BATH-HOUSE ENLARGED

It was the old bath-house, but entirely remodelled. The dancing floor is now one of the largest in Southern California. Below, bathing suits and other facilities have been added sufficient to accommodate 3000 bathers.

### THE COASTER

Fronting Ocean Avenue on the north of the pier is a large building devoted exclusively to billiards and bowling. The equipment is the very latest and the floors are gems.

To the south of the pier is the new racing coaster. Mr. St. John called particular attention to its size.

"This Derby has a track nearly a mile long. I do not know of a longer

# WILCOX CASINO

## CABARET AND DANCE CAFE

Everything harmonizes to make joy perfect at the Wilcox Casino; and patrons are loud in praise.

Particularly impressed are they by the absence of cooking odors.

The electric ventilating plant in the most sanitary and speedy kitchen on the Pacific Coast is responsible.

It's this kind of service that makes the Wilcox Casino distinctive. Nothing left out which might add to your comfort—your joy. Tables for 800.

Get the Habit—Something Doing Every Minute.

## SEAL BEACH at Anaheim Landing

Parking Space for 1000 Cars

in the country. It has been made just as thrilling and exciting as pleasure seekers can stand."

### THE CARROUSEL

We descended the stairway again and continued south along Seal Way. "Here will be erected The Carroussel," began my guide, "which we also brought down from San Francisco. It is so much better than the common Merry-go-Round that it was renamed. This is the exhibit which won the Grand Prix over all riding devices."

"No amusement place would do without a merry-go-round," I agreed. "Next!"

### TAFFY

We came to a large white, neatly painted stand with a lot of tables and chairs set about, also painted white. It was a cool, shady-looking sort of a place.

"Come in out of the sun," shouted a man who stood behind the counter. We entered "The Ocean Wave or Orange Blossom Candy Booth." (It goes by both names.)

"Let me make you acquainted with Mr. Kaneen," said Mr. St. John. That part over I asked:

"What have you here, Mr. Kaneen?"

Proudly and eagerly the concessionaire answered: "Here's where we make the great Salt Water Taffy," and then added with emphasis on famous, "without which the San Francisco Exposition never could have become famous."

"And that's a fact," chipped in St. John.

Mr. Kaneen then dwelt at length on his candy kitchen equipment the cost of which exceeded \$7000, a large sum for a candy kitchen, indeed. The kitchen is visible from every corner of the Ocean Wave, so that patrons may watch the process of candy making.

R. W. Kaneen and John J. Doyle, who run the Ocean Wave, are former owners of the Orange Blossom Candy Shop in San Francisco, which place has a reputation.

### ORIENTAL ATMOSPHERE

The concession next the Ocean Wave is occupied by Cairo, the Palmist. "We also brought Cairo down with us," explained Mr. St. John. "He is descended from three generations of famous palmists and carries about him an oriental air all his own. He is likewise a well educated man, a master of languages and philosophy."

"His reputation at San Francisco grew with leaps and bounds."

### THE OCEAN

Cairo's is the last concession on the south ocean front and we turned to go back. Mr. St. John had something else on his mind and stopped. Waving his arm over the ocean he said:

"Our greatest concession lies before your vision. Though we pay nothing to operate it we take from it much revenue. Without it we would have no better reason for asking people to visit Seal Beach than others have for visiting their beaches. Also, without it I do not believe we would have come here."

"You refer to the boasted absence of undertows and tide-rips?"

"That is not a boast," corrected Mr. St. John, "it is an absolute fact; and there is a reason for it."

"You mean the bays on either side of Seal Beach?"

"Precisely," he answered.

The natives corroborate that what the bather trembles at is wholly absent at Seal Beach. It is true that other beaches boast the same, but here they do not hesitate to wade you right out and prove it.

Somehow the breezes do blow gentler and the waves, broken by Alamitos and Anaheim bays, do creep in softly and smoothly.

### BATTERY OF LIGHTS

When I first arrived at Seal Beach I was attracted to a battery of lights erected on the end of the pier. We could see them distinctly from where we stood. In answer to my question Mr. St. John said:

"Those are the scintillators, which were located on the water front at the Exposition. We purchased them intact and installed them here. It is difficult to explain the spectacular colored lighting effect produced by this battery of lamps. I will give you a cut made from a photograph taken at night when they were lighted, but I am afraid that printed in black ink, it will not give your readers much of an idea."

"The better thing to do is to ask them to look into the heavens toward Seal Beach. The brilliant rays will be visible from any distance within forty or fifty miles."

### BRIGHT OUTLOOK

Seal Beach reminds one very much of Long Beach. The health giving sulphur water and the unique smelling hamburger booths are there. Both of which are bright indications that it will grow as rapidly as has its sister city to the north. Already Seal Beach is growing at a rate defying the speed laws.

But there is another strong factor in the growth of this amusement place—it is the only resort in Orange county. It belongs to Santa Ana, Orange, Anaheim, Fullerton and the other cities of the richest county in California—from an agricultural standpoint.

With a glass boulevard leading to Seal Beach from each of these places, a substantial patronage is assured from the more than 60,000 Orange county people, many of whom have been waiting eagerly for this home playground.

## BRILLIANT STREET LIGHTING IS SEEN AT RESORT

Since the completion of the street lighting system Seal Beach has become the most picturesquely lighted city on the coast.

The famous sunbursts seen at San Francisco have been brought down and placed at a conspicuous place—the entrance to the pier.

The scintillators at the end of the pier throw their brilliant rays into the heavens nightly, and can be seen for nearly forty miles on clear evenings.

### CHAMBER OF COMMERCE

#### HAS LARGE MEMBERSHIP

The live-wire organization of Seal Beach is the Chamber of Commerce, made up of local business men and residents. It was due to this body that Seal Beach had such a fine exhibit at the National Orange Show at San Bernardino. The co-operation of the merchants and citizens is a credit to the city.

Each time the Commerce meets the city's interests are definitely brought ahead. The activity of the members and of the citizens who crowd the meeting place to capacity is noteworthy. Their eagerness to become a part of any new proposal and to assist in carrying out resolutions is interesting to see.

At one of the recent meetings it was decided Seal Beach should have a boost parade a day before the big opening. In less than thirty minutes \$250 was subscribed. A committee was then appointed, and in a few days the amount was increased to \$800, sufficient to insure a grand demonstration.

### SEAL BEACH HAS NEWSPAPER

Seal Beach has a live weekly newspaper—the Post—published and edited by R. F. Bowers, a man who knows how to write, plug and boost with both feet.

Mr. Bowers also runs a job printing plant in conjunction with his paper.

FOOT OF MAIN STREET

SEAL BEACH

## OPPORTUNITY TO INVEST GIVEN TO INVESTORS

Seal Beach, since the completion of the good roads system, is within easy access from every point in Orange County. This fact alone makes the "Jewel City" resort loom as the coming amusement and recreation center. The strides made during the past year—even the last three months—are more astonishing than the growth of Long Beach, and the claims the Robert B. Armstrong Company are making for Seal Beach as an investment center seem wholly within reason.

### Building Activity

There is more building construction going on at Seal Beach at present than at any other place in Southern California. On the ocean front the various concessionaires are spending several hundred thousand dollars in an attempt to give Orange County the most up-to-date amusement center on the coast. The attractions brought down from the Panama-Pacific International Exposition are eliciting comment everywhere. Investors know such things bring the crowds, which, in California, is usually followed by a rapid increase in population.

In the business section the largest and most important new structure is the Administration Building, the home of the Bay Side Land Company, which for most part is the owner of Seal Beach.

Another building is a two-story yellow brick erected by a Mr. Rosenthal.

A number of one-story stores have recently been completed on Coast Boulevard at the foot of Main Street.

### Resident Section

In the resident section bungalows and cottages are being built in almost every two or three blocks. Property valuations have increased at a rapid pace and the type of buildings constructed are of a more expensive nature than is customary at beach resorts.

The standing population at this writing is about 1200, which runs to approximately three thousand during summer. This estimate takes into

consideration only such as remain for a period of two months or more. Week-end visitors run into the thousands.

### Real Estate

Robert B. Armstrong Company, who are selling agents for Seal Beach property, have been the big boosters of Seal Beach, which was known as Bay City when they took hold a little over two years ago. There was nothing there but a few houses, three or four stores and a small bath house. Today Seal Beach looks like the coming Coney Island, with property valuations correspondingly bright.

There are but few business lots to be had at Seal Beach, but residence lots may still be purchased on terms.

This year will be the busiest since Robert B. Armstrong Co. began their rejuvenation of old Bay City. The well-known realty firm is making preparations to take around droves of people and show them Seal Beach values this summer.

### Argument

Following are a few reasons for buying property at Seal Beach, as given by the Seal Beach Chamber of Commerce:

"Seal Beach is a growing little city of about 1200 inhabitants, situated in the extreme southwest corner of Orange County, 26 miles from Los Angeles, and 16 miles from Santa Ana.

"While the city is still in its infancy, it shows great promise of becoming a city of beautiful homes.

"Graded and oiled streets, cement walks, water, gas, electricity, phones, stores, etc., that make up all the conveniences of a city are already established.

"Seal Beach offers an ideal place for a beach home with a commanding view of the Pacific Ocean on the south and west, Alamitos Bay on the west and north and Anaheim Bay on the east, and rich soil lots upon which to build, out of danger from high tides. Seal Beach has a great future before it, not only because it has all that any other beach has, but more, and is so easily accessible from all directions.

"Seal Beach is not only easy of access by the trolley routes but has paved boulevards leading to Santa Ana and Los Angeles and all the inland towns, and is the starting point of the Coast Boulevard to San Diego.

"Seal Beach is a safe place to come with your family; a safe beach, no treacherous undertow or tide rips, a quiet home beach with no saloons but with plenty of healthy amusements. If you live in Seal Beach it is the next

## Recently Completed Administration Building.

## ADMINISTRATION BLDG IS A BEAUTIFUL STRUCTURE

Houses Bay Side Land Company Officers and Amusement Directors

The recently completed administration building on the corner of Ocean Avenue and Main was built and, for most part, is occupied by the Bay Side Land Company and its officers. P. A. Stanton is president of the company; I. O. Lothian, vice-president, and J. P. Transue, secretary. The main offices of the company were formerly in the Title Insurance Building at Los Angeles. The entire office paraphernalia was moved to Seal Beach about two weeks ago.

### Amusement Department

The amusement department of the Bay Side Land Co., which is really a new department, is in charge of Frank Burt—who was Director of Concessions and Admissions at the Panama-Pacific International Exposition—and Bert St. John, resident manager of amusements. Both gentlemen have a wide reputation as amusement managers and resort builders.

Mr. Burt has probably supervised the construction and opening of more amusement parks than any man in the country. It is for this reason that many of the zone concessionaires followed him to Seal Beach, thus giving

the resort an exposition tinge throughout. Mr. Burt is giving particular attention to the architectural harmony and the arrangement of the buildings. This plan is new in the amusement line and follows as a result of the impetus given to architecture in its highest form at the great exposition. Heretofore but little attention was paid to harmonic layout at resorts, particularly in the erection of the various small concessionaires' buildings, but at Seal Beach Mr. Burt sees to it that everything is constructed with regard for and in keeping with one set of plans.

Mr. Edwin Symmes, the architect who laid out a large portion of the exposition grounds and palaces, is co-operating with Mr. Burt so that there may be no irregularity and no unsightly crowding of buildings at Seal Beach.

Mr. Bert St. John, who acts as resident manager of amusements, is known as a theatrical director of wide experience. The Bay Side Land Company secured two live wires in Frank Burt and Bert St. John.

Both have their offices in the new Administration Building.

### Streets are Oiled

At present all streets are graded and oiled. It is planned, however, to asphalt them within the next year. Cement walks, water, gas, electricity and telephones have been installed for some time.

## ANAHEIM LANDING AT SEAL BEACH

One of the conspicuous achievements at Seal Beach is the new building at Anaheim Landing, erected by H. W. Wilcox, the entire two floors of which are given over to Mr. Wilcox's Casino.

The opening of the Wilcox Casino, which occurred recently and was announced in flaring type, attracted many visitors. Mr. Wilcox, himself an experienced amusement manager, introduced a number of surprises to pleasure seekers. But the biggest of them was the Cafe itself, which is probably the most imposing building of its kind in Southern California; that is, a building devoted entirely to an eating and dancing place.

The exterior is of red brick, harmoniously trimmed in yellow, and architecturally very pleasing. Upon first appearances one wonders at the man's nerve in putting up such a structure at Anaheim Landing, which is fully four blocks from the amusement features at Seal Beach. But this Wilcox fellow seems to have ideas of his own. Anaheim Landing, he points out, has always been a popular picnic resort, well-known and much advertised as such. It was on the "market" years before Seal Beach was even thought of. Then there is another reason—it is quiet at Anaheim Landing.

### Interior Is Unique

The interior contains features not found in any Cafe and Dancing Cabaret in Los Angeles or San Francisco, it is claimed. Beginning at the kitchen, Mr. Wilcox pointed out some of the original things:

"In the first place," he said, "no waiter passes another going out or coming in. See how these isles are constructed?" We took note of what looked a good deal like a cafeteria arrangement, with a glad feeling that waiters, likewise, were now compelled to stand in line and carry a heavy tray—"That's for speed," broke in Mr. Wilcox. We can serve you twice as fast; besides, it eliminates accidents, which always mean delay, inconvenience."

### The Whitest Kitchen

We have been through sanitary kitchens before, but the whiteness of the Wilcox Casino kitchen; the sanitary layout; the terra-cotta brick ovens; the shining nickel-plated lids and the cleanest floor we ever saw made us kind of feel like going back and wash up.

"That in the corner is our refrigerator plant," again interrupted Wilcox, "not just an ice box or a cooler but an ice manufacturing plant, capable of turning out 1000 pounds of ice daily."

"And the high-powered fans you see above are part of our ventilating system, which keeps away all kitchen odors from the main dining room and dance floor. Come out and smell for yourself," he challenged.

### The Main Cafe

We had noticed the lack of kitchen "fragrance" when we entered. There were other things which attracted our attention. The first that struck us was the architectural harmony. There was a large fire place; the lighting fixtures were beauties; the tables and chairs were of pleasing design and the arrangement of them around the dance floor showed excellent taste.

Upstairs, in the balcony, are abundant conveniences for those who do not care so much about dancing and prefer music from a distance.

### Manager and Chef Well Known

Bob Ritchie, formerly manager at the Portola at Los Angeles, has been installed as floor manager at the Wilcox Casino. The Chef, also, is an individual of reputation.

Upon leaving it was evident that if Mr. Wilcox had set up his Casino on a lonesome island 100 miles from civilization, he could not keep the crowds away.

### Big Change Planned

Among other amusements planned at Anaheim Landing are those of the Anaheim Amusement Company, who propose to erect a moving picture theater, high-grade restaurant, from 100 to 200 additional cottages, and various other attractions.

These new pleasure places are to replace the present buildings known as Richardson's Bowling Alleys and Bath Houses. The contemplated exhibits are directly opposite the Wilcox Casino. The men behind the new undertaking are A. D. Baker, who was connected with Fred Thompson and built the Midway at the Pan-American Exposition at Buffalo and Toyland at San Francisco, and Mr. Dyckman, a business man of Anaheim.

A hydroplane on the bay and water boat races are features planned by Dyckman and Baker this summer. Particular attention is called to the still water bathing at Anaheim Bay and the present bath house with room for six hundred.

Launches can also be had and the general store is still there at the service of picnic parties. The past few weeks have brought out the picnickers in large numbers and still-water bathing is the main sport.

### Handsome School Building

Although but three years old, Seal Beach has a handsome school building, erected at a cost of \$12,000 and employing two teachers. The growth of the city has increased the attendance rapidly, and the red brick structure will soon be filled to capacity.

SIXTH AND ELECTRIC

SEAL BEACH

## FORMAL OPENING BEACH RESORT AT HAND

Exhibits Long In Preparation  
Will Be Completed In a  
Week or Two

The formal opening of Seal Beach will take place in the near future, at which time you are to experience entertainment features which the amusement promoters of the "Jewel City" of the Pacific Coast assert will excel anything of like character, and the promoters ought to know—they are the same men who put across the big stunts at the San Francisco Exposition. More, they have brought with them many of the thrilling exhibits seen there.

### The Scintillators

The marvelous lighting rays of the beautiful scintillators which occupied such a prominent place on the water front at the exposition and illumined the heavens for fifty miles around, have been erected on the very end of the pier at Seal Beach. Their brilliant colored rays have been seen since May 27th. Look up into the heavens to-night toward Seal Beach and see for yourself.

### The Carrousel

The carroussel (society name for merry-go-round), which won the Grand Prix over all riding devices at San Francisco, has been transplanted to Seal Beach.

Then the famous Salt Water Taffy, "without which the Fair never could have become famous," says the man who makes it; the beautiful Sunbursts; the Fountain of the Setting Sun; the Jesters' Palace and a half dozen other exhibits will help to make Seal Beach the "Jewel Resort of Southern California," if the promoters' plans do not miscarry. So those of us who did not get to San Francisco need be downcast no longer. A glass boulevard, sixteen miles away, also an electric road, and fire roads for walking, lead right to the transplanted P. P. I. Exposition.

### Opening Program

The grand opening program will contain features just a bit more entertaining, a bit more daring, a bit more thrilling than has been attempted hitherto.

Among the very headliners is Tiny Broadwick. Tiny sails into the air in an aeroplane until she reaches a height of 3000 feet. Then . . . then she comes down . . . but not in an aeroplane. No, Sor! Not Miss Broadwick! Lots of women have done that before. Tiny is too original for such ordinary stunts.

She leaps, lets herself fall, as it were. We went out to see her practice, but she said that stunt isn't practiced. You just go up and then jump down—hit or miss.

For ourselves, we hope she doesn't miss. Tiny looked real sweet in her aviatrix outfit.

### A Silk Parachute

The only details we could get about Miss Broadwick's daring leap is that she depends solely upon a small bit of silk to check her descent to earth and save her from death via the broken bone route.

Miss Broadwick's sister, Verlo, is also here from the east to participate with Tiny in the hair-raising stunts. The father of the daring young ladies has been making preparations for some time. He acts as their manager as well as protector, though we can't see that the latter amounts to much. He examines the planes, the equipment, the bit of china silk and the like. Mr. Broadwick will not permit the jump until all meets with his critical approval.

### Other Features

Of course there will be music—and singing—but this information has not been given out. Watch the Register for a complete announcement later.

### Largest Derby Racer

A racing coaster never fails to attract a certain kind of excitement-seekers. They say the one at Seal Beach is the swiftest and the longest ever. At any rate, it looks long enough and thrilling enough, too.

Then the dancing pavilion has been enlarged and the floor made as slippery as wax. There is also a new kind of a cafe, called the Chantant, where you catch a fish in a pool built in the center of the floor, and have it cooked to suit.

### Large Picnic Grounds

A fine picnic grounds with lattice work all around it has been erected a little way from the cafe. There are lots of chairs in it, and everything has been made so as to look inviting.

For lack of information we cannot give you the details of the opening program, which, we understand, is to continue for two weeks, if the first four days' attendance warrants.

However, we can't help advancing the comment that, since its reconstruction, Seal Beach surely looks as if it were going to merit the name of "The Jewel City of Southern California."

At any rate, they're expecting you at the opening with no less than an elephant and a brass band.

SCINTILLATOR LIGHTING

## PLEASURE PALACES IN BUSINESS SECTION

By far the largest building in the business section is that housing the Lodge Cafe and Dancing Cabaret, owned and managed by Dave Combs and Jimmy Blyler, who have a reputation all their own as amusement kings. The building is two stories, has a frontage of fifty feet and a depth of 100. Long before you reach Seal Beach you see the "Cafe" signs erected on the top of the Lodge. No matter whether you are coming from Santa Ana or Long Beach, you must pass the Lodge, for it stands on the very corner facing the county boulevard.

### Dave and Jimmy

The lower floor contains the main cafe and dancing floor. It is open for daily matinee dancing, and continues, with added attractions, until late in the evening.

So as to dispense with every phase of formality, Messrs. Combs and Blyler have cut off the last portion of their name, and are called plain Dave and Jimmy by patrons.

"It makes 'em feel at home," explained big Dave.

This pair treat you cordially; permit no rough house and, altogether, give you "the time of your life."

### Service the Keynote

The dancing floor, upon which new stunts are introduced continually, is 40x24. Around it are set tables and chairs sufficient to accommodate 200 guests, and the music is furnished by specialists in the Cabaret line.

The dining service at the Lodge is particularly worthy of mention. Food is served from a kitchen clean as wax. The Chef and his assistants are togged in white apparel from head to foot.

### The Grill Room

Everything at the Lodge Cafe is in harmony with the lighter side of life. It can indeed be said that it is a place to laugh and be merry. It offers to pleasure seekers a grade of entertainment second to none and the nightly crowds congregating there are evidence of the amusement abilities of Dave Combs and Jimmy Blyler.

Just behind the main Cafe is the Grill room. It is open all day, and serves the city's visitors, and those who pass by, in large numbers.

### Hotel Upstairs

While the entire second floor of the Lodge is supposed to be a hotel, but few guests find room there; most of the apartments being taken by the year. The rooms are without doubt

## Seal Beach Was Incorporated Last October

Lots of Wiseacres said Seal Beach could never be incorporated. It has been incorporated.

Lots of Wiseacres said there would be no improvements.

Hundreds of thousands of dollars have been spent and the facts are at Seal Beach for you to see in brick and stone and amusements of every kind.

Lots of Wiseacres said that the lights would never be turned on at Seal Beach.

Go and see for yourself.

There are thousands upon thousands of them.

Seal Beach has boulevards, gas, electricity, pure water, sidewalks, curbs, and every advantage of the city and all the delights of a beach.

Nature and man have combined to give Seal Beach everything but an undertow.

Some of the good people in Orange County thought they could buy Seal Beach lots whenever they were ready.

There are only a few left and the price on these will advance in a few weeks.

One man, a banker whose name you would all know if I were to tell you, put off buying for a few months.

His delay cost him \$200 a lot.

If you want to make some money, whether you want

to live at Seal Beach or whether you do not, buy now.

These are the reasons why:

It is right at your front door.

The only beach in Southern California that has two great still-water bays.

It is the only beach that has a mile and a half of the finest and safest surf bathing in the world, with everything that should be there but an undertow.

A plate glass boulevard from your door right to the surf.

Seal Beach is right at the Los Angeles County line.

It has nearly a million people to draw from in Los Angeles County towns, to say nothing of Orange County, Riverside County and San Bernardino County.

Long Beach, right at its front door, is a city the size of Sacramento.

Seal Beach is the center of a network of boulevards.

## Seal Beach

HUGE BEACH JOY  
ZONE IS LINED  
BY UNIQUE  
SEAL WAYBig Cement Walk Stretches  
From Alamitos to Ana-  
heim Bay

"Seal Way" is the name given to the cement promenade on the ocean front at Seal Beach. It is thirty-five feet wide and 4000 feet long, illuminated by a row of beautiful ornamental lights—lamps which did service at the San Francisco exposition. The bases of the posts are of concrete, mounted with a seal head, the light radiating from the head.

The posts are conveniently and harmoniously located to the ocean side of the walk, the beach side being lined with pleasure palaces. Most of the concessionaires have taken charge of their respective locations, and are ready for business. The others will follow as speedily as the various exhibits are completed, which will probably be within thirty days, the management asserts.

Pleasure seekers starting for inspection at the north end of Seal Way will come first to the "Hangars," and in succession will pass the Picnic Gardens, Rathskellers, Cafe Chantant, a number of small concessions under the wharf; then the enlarged bath house, the Merry-Go-Round, candy and ice cream factory, palmistry, jesters' palace, shooting gallery, box-ball alley, Kelly game, Ahern's nifty shop, a series of small concessions; a public convenience station, small circus, roller skating, and other concessions, details of which are not wholly complete at this writing. The general architectural scheme throughout is Gothic and Spanish.

"Seal Way" ball room will be of sufficient capacity to permit several hundred couples on the floor at one time. Directly underneath the ball room is the bath house. It has been extended about two hundred feet and will accommodate some three thousand bathers. The plunge to be built later will cover the entire block between Twelfth and Thirteenth Sts. and will take care of many bathers. It is to be replete with conveniences and apparatus.

LARGE SUMMER  
CROWDS EXPECTED

It is estimated that from 3000 to 5000 people will summer at Seal Beach this season. Recent Sunday crowds have been very large, anywhere from 10,000 to 25,000 visiting the resort. Last Sunday over 1000 automobiles lined the avenues, and a traffic policeman had to be stationed at the corner of Main and Ocean.

Already many of the cottages have been leased for the season, and apartment houses likewise are being reserved. Every preparation has been made to accommodate a large summer population, expected as a result of the recently completed amusement exhibits and those still in process of construction.

TURN LONDON PARKS  
INTO POULTRY FARMS,  
YANKEE WOMAN'S PLAN

BY WILBUR S. FORREST

(United Press Staff Correspondent)

LONDON.—Give a hen a chance. With eggs at 7 cents each, Mrs. Lionel Guest, daughter of the late John Bigelow, American ambassador to Paris, is urging a plan here to turn London public parks into poultry farms.

An enthusiast on poultry breeding, Mrs. Guest has started a crusade to give the hen a chance. She is telling the authorities that every public park should have its chicken farm with a woman expert in charge to show the public how to get the best out of Biddy.

Green Park and St. James' Park, near Buckingham palace; Hyde Park and other expanses of public greensward have been selected by the American woman as the best locations upon which to try the poultry experiments.

Mrs. Guest declares she has proved her theories by successful poultry farming in Canada and emphasizes that British hens are equal to the task of providing eggs if enough people would become interested in hen culture.

She has expressed her willingness to keep poultry within the yards of her own house near the fashionable Marble Arch district, police regulations permitting.

GOVERNMENT MACHINE  
PLANTS SMALL TREES

WASHINGTON, June 7.—A machine which plants from 10,000 to 15,000 forest tree seedlings a day is now being used at the Letchworth Park Forest and Arboretum, in Weymouth county, N. Y., according to officials of the Forest Service who are acting as advisers in the work. Previously the planting has been done by hand at the rate of 1200 to 1500 trees each day per man.

The machine was designed to set out cabbage and tomato plants, but works equally well with trees. It is about the size of an ordinary mowing

machine and is operated by three men and two horses. One man drives the team while the other two handle the seedlings. The machine makes a furrow in which the trees are set at any desired distance, and an automatic device indicates where they should be dropped. Two metal-tired wheels push and roll the dirt firmly down around the roots. This is a very desirable feature, it is said, because the trees are apt to die if this is not well done. Two attachments make it possible to place water and fertilizer at the roots of each seedling. Another attachment marks the line on which the next row of trees is to be planted.

No cost figures are available yet, but officials say that the cost will be much less than when the planting is done by hand. It is stated that the machine can be used on any land which has been cleared and is not too rough to plow and harrow.

IDLE MAN GOES BLIND  
IN PURSUIT OF WORK

NEW YORK.—For the first time in months confidence came to Julius S. Silverman recently as he started out to apply for employment as a bookkeeper in an office in West Thirty-seventh street.

Down Ninth avenue he walked, and as he reached Forty-fourth street he paused to watch a group of children playing there. The children saw him brush his eyes with trembling fingers, and then heard him cry, "My God, I'm blind!"

Several children ran to his side, and within a few minutes an ambulance arrived from the Polytechnic hospital. The surgeon said there was little hope for the man recovering his sight.

CASTOR OIL, NOT  
CANNON, FEARED  
BY ITALIANS

BY JOHN H. HEARLEY

(United Press Staff Correspondent)

FLORENCE, Italy, May 2 (by mail).—Castor oil—not the great cannon of the Austrians—is the terror of the Italian army today.

Even amid the tremendous business of battle Italy's brave warrior sons shrink from this sickeningly mellifluous remedy, Mrs. Edith Southwell, an English nurse in a local hospital for the wounded, has discovered.

Nurse Southwell was told by the attending physician to dose her patients with castor oil. Anticipating no difficulties, she said:

"Yes, doctor, I will do so tonight at their bed time."

At the Sand Man hour she therefore appeared in her ward among her twenty-five crippled soldiers. In her hands she bore a tray, holding twenty-five individual portions of castor oil.

Aroused by the sight, the battle-scarred heroes shouted, "What is it?" "Why, castor oil!" innocently replied the nurse.

"Oh!" came a chorus of disgusted voices. "No! No! No! No!"

And it was "No!" for the men in mild language and strong persisted in their refusals.

Poor Nurse Southwell set the tray covered,

and herself on the floor in the center of her rebellious company.

What could she do? She pondered. Then came the inspiration. She vanished for a moment, returning with the twenty-sixth glass of castor oil.

"See here, boys," she cried, "you don't understand. This isn't castor oil. This is an Austrian trench. Come, let's take it. 'Avanti Savoia!'"

The men took up the battle cry of the reigning house of Italy. "Avanti Savoia! Avanti Savoia!" they cheered. Meanwhile, Nurse Southwell heroically swallowed a dose of the castor oil and every single man of them followed her lead.

They took the trench, but for an instant celebrated their victory with wry faces. But even these changed when Nurse Southwell disappeared for an instant and reappeared with twenty-six golden oranges.

"These are the medals of honor," she explained.

"Upon each of you and upon myself I bestow one for conspicuous bravery."

MAIL SACKS GROUND  
TO PIECES BY TRAIN

ARBUCKLE.—Two sacks of United States mail were cut to pieces and mutilated by train No. 12, Shasta Limited, here.

The sacks were thrown off as the train was running through the station at a fast speed and the suction helped by a strong north wind apparently caused them to be drawn underneath the train. One sack was addressed to Cranmore and one to Arbuckle.

Both sacks contained papers and periodicals and also some parcel post packages. With the exception of some half dozen papers, nothing was re-

covered.

SUGGESTS USING  
TRAINED DOGS  
IN SEA WAR

BY HENRY WOOD

(United Press Staff Correspondent)

PARIS, May 15.—(By mail).—The use of trained dogs and sea-ravens in the chase of enemy submarines is an idea just suggested to the new French Ministry of War Inventions.

The Ministry declines to reveal the name of the suggestor or to admit that experiments are being made at the present time with the animals. It is willing, however, that the public know about the idea.

According to the would-be submarine catcher, all vessels should be equipped with a corps of trained dogs and Chinese sea-ravens, the latter of the kind native to Chinese waters.

In training the animals the dogs should be taken either aboard ship or to the water's edge where a submarine would be available; and where they would be taught to recognize the peculiar sound which comes from a submarine's propeller when the entire vessel is under water.

The keenness of a dog's hearing, it is asserted, could detect as no microphone or other mechanical instrument possibly could, the approach of a submarine. The dog would be taught to bark at the sound. This training would require but a few weeks.

With the sea-ravens, it is admitted, the schooling would be more difficult.

The sea-ravens would be taken to a submarine, to the periscope of which would be attached a piece of raw meat. The submarine would then navigate with both periscope and the piece of meat submerged.

The sea-raven, with its keen senses of vision and smell for under-water food, would quickly detect the chunk of meat and the periscope and follow them (all they came to the surface, where the raven quite naturally would perch on the periscope.

After both the dog and the sea-raven became reasonably letter perfect individually they would then be tried out together.

Through the association the sea-raven, would come to know the instant the dog barks that there was a periscope in the vicinity presumably with a piece of raw meat attached.

Once the periscope reached the surface and the sea-raven perched on it, the French gunners would of course fire the fatal shot.

Appended to the idea as submitted, is a long list of statistics on the number of sea-ravens available in Chinese waters, together with detailed instructions for their importation.

The Ministry of Inventions feels that the only point the inventor overlooked was how to teach the sea-raven to get off the periscope.

GIRL OF 15 MARRIES  
MAN 32 YEARS OLD

PHILADELPHIA.—Josephine Love, a fifteen-year-old girl, residing with her widowed mother at 2602 Saratoga street, has obtained a license to wed Earl Wilson, thirty-two years old, 6030 Chestnut street.

SCHOOL OF AVIATION

"The Jewel City of the Pacific"

**S**EAL BEACH opens next Saturday. It is to be the finest amusement resort on the Pacific Coast, and one of the most elaborate in America. Over a million dollars has been spent to make Seal Beach an up-to-the-minute, beautiful show place, comparing favorably with Atlantic City, Coney Island, Rockaway Beach and other famous resorts of the East.

The Jewel City Amusement Company which built and will operate the largest and most important of the concessions on "Seal Way" at Seal Beach, is composed of a group of men whose keen showmanship, business acumen, engineering ability and long experience in catering to the pleasure seeking public, places them in the fore ranks of America's prominent purveyors of amusement. This Company has expended several hundred thousand dollars on various concessions calculated to please the most fastidious seeker of fun and diversion. These concessions comprise a wide variety.

Probably the most attractive of the Jewel City Amusement Company's many enterprises at Seal Beach, will be the Cafe Chantante, a restaurant of the first order, where service and cuisine will equal that of Broadway's finest rotisseries. Connected with this Cafe there will be found a Rathskeller where the best of food may be obtained at popular prices, and adjoining this restaurant a space is provided for a Picnic Garden. Patrons who

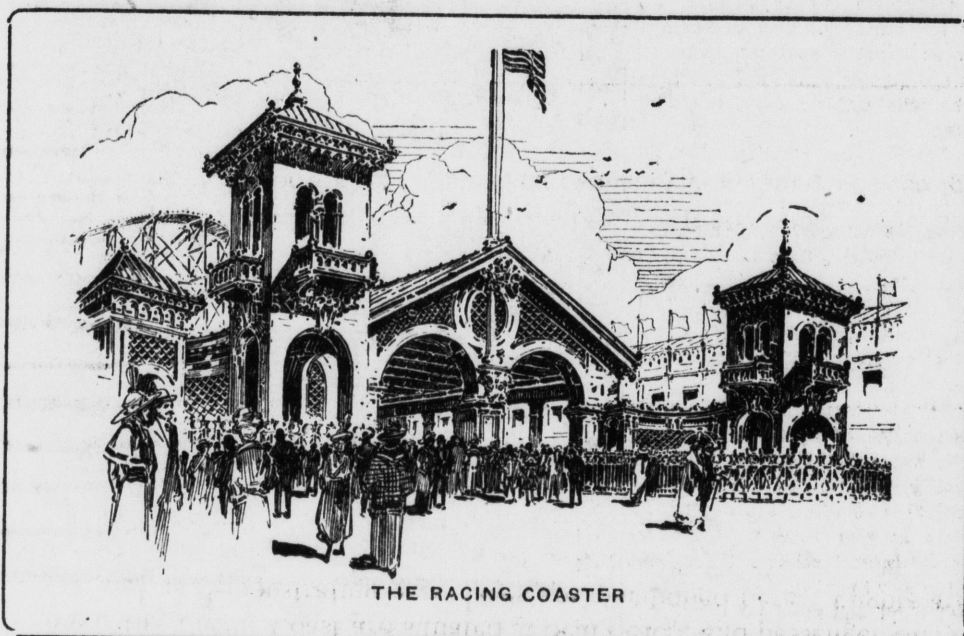

THE JEWEL CITY CAFE

bring their lunches to Seal Beach will find the vine-covered arbors and cool retreats of this enclosure much to their liking.

The "Seal Way" Ball Room is of sufficient capacity to permit eight hundred people on the floor at one time. Directly underneath this spacious dance floor, and opening immediately on to the Beach will be found the most complete and conveniently appointed Bathing Pavilion on the Pacific Coast, with a thousand comfortable dressing rooms, hot and cold showers and numerous other conveniences. The motto here is "The Beach without an Undertow where women and children may safely go." The bathing at this point is the safest and finest in all California. The Surf is ideal, the only one in this vicinity with absolutely no undertow, and with a sand flooring as smooth and level as a ball room.

A unique type of racing coaster will be found at the entrance to "Seal Way." This novel device which has a track length of nearly a mile is known as "The Derby." It is a smooth and easy riding contrivance with all the sensation of the old time racing coasters, but lacking the element of danger.

The old-fashioned Merry-go-round so common in amusement resorts the world over is replaced at Seal Beach by a modern up-to-date Carrousel,

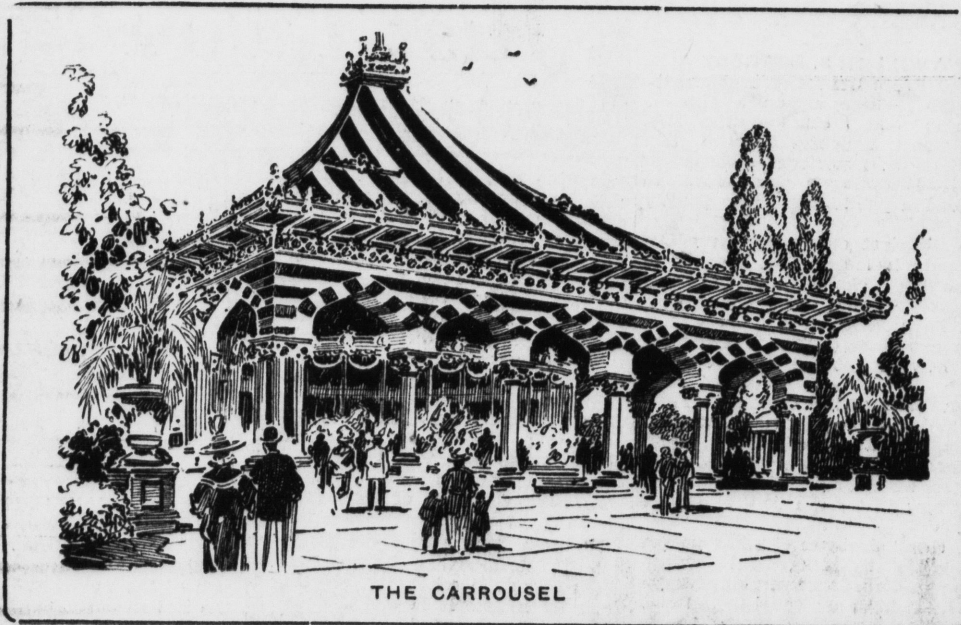

THE RACING COASTER

which is an exact duplicate of the one operated on the Zone at the Panama-Pacific International Exposition, and which was awarded the Grand Prix over all other riding devices at the Exposition.

The Joy Palace with its unique mechanical apparatus designed throughout for the sole purpose of creating laughter, will be found to contain all kinds of innovations in the way of fun producers.

Aviation is another feature of the Jewel City Amusement Company's many enterprises. The most up-to-date and completely appointed hangars on the entire Pacific Coast are situated at Seal Beach, and passenger-carrying as well as demonstrating aeroplanes are maintained here. Flights are made at regular intervals by experienced and careful aviators in standard passenger-carrying machines, and the thrill seeker will find here the acme of pleasurable excitement. A training school is also conducted here and it is the aim of this Company to secure the services of a U. S. Army Officer as Chief Instructor.

Many of the classic statues, fountains and ornamental light standards, which lent beauty and charm to the great courts and passages at the exposition in San Francisco have been transported to Seal Beach giving it features never before seen at an amusement resort in this country, and when the great battery of scintillators throws its beams into the skies the illumination develops a rainbow effect of startling brilliancy which may be seen for a distance of fifty miles.

THE CARROUSEL

# COME TO SEAL BEACH

THE AMUSEMENT CENTER OF SOUTHERN CALIFORNIA

SANTA ANA DAILY REGISTER, FRIDAY EVENING, JUNE 9, 1916.

# CALIFORNIA DRY CAMPAIGN TO BE OPENED HERE TONIGHT

The opening gun in Santa Ana in the big California dry campaign will be fired tonight, when Hall and Summers appear at the First Baptist church. This will be one of the big features provided by the local campaign committee. The dialogue between a liquor dealer and license collector is very clever and hits right at the mark.

The Dry Federation of Santa Ana considers itself very fortunate in securing Hall and Summers, as they go north in a few days to work for California Dry till August 1st, when they will return to Southern California for six weeks' work.

Their dialogue is put on in an interesting and convincing manner so that all classes are attracted to their meetings. They have been speaking in crowded houses in the San Joaquin valley, people being turned away by the hundreds. Fresno filled every one of the 2500 seats in its city auditorium, then packed humanity into every inch of standing room, where saloonkeepers and clergymen stood shoulder to shoulder for two and a half hours. Wets and dries alike are urging everyone to hear these men.

California Dry is the live issue in the state of California today, and everyone of this vicinity is invited to hear Hall and Summers tomorrow night, beginning at 7:30 in the First Baptist Church, corner Main and Church streets.

Orange County Business College.

# BOLSA BUDGET, NEWS LETTER

BOLSA, June 8—Mrs. Frank Walker entertained the Ladies' Embroidery Club last Thursday afternoon. The time pleasantly passed with merry conversation and fancy work. Mrs. Walker served her guests with delicious refreshments of ice cream, cake and lemonade. Those present were Mrs. Spradlin, Mrs. Arch Morgan, Mrs. Preston Stroud, Mrs. Gus Ward, Mrs. Earl Gardner, Mrs. Wash Dilly, Mrs. Roy Head, Mrs. Bell, Mrs. Maganey, Mrs. Will Ward, Virginia Bell, Melia Ross, Blossom Ward and Mildred Ward. The next meeting will be July 6th, with Mrs. Will Ward, at Santa Ana.

Mrs. Roy Head and little daughter, Eulalee, spent a few days last week at Santa Ana with her mother, Mrs. William Ward.

Mr. and Mrs. G. Dilly and daughter and Mr. Vane Dart of Santa Ana, were

# WOMEN'S STOMACH TROUBLES

The Great Woman's Medicine Often Just What Is Needed.

We are so used to thinking of Lydia E. Pinkham's Vegetable Compound as a remedy exclusively for female ills that we are apt to overlook the fact that it is one of the best remedies for disorders of the stomach.

For stomach trouble of women it is especially adapted, as it works in complete harmony with the female organism, since it contains the extracts of the best tonic roots and herbs. It tones up the digestive system, and increases the appetite and strength. Here is what one woman writes showing what this medicine does:—

Newfield, N. Y.—"I am so pleased to say I can recommend Lydia E. Pinkham's Vegetable Compound as an economical and beneficial remedy in most ailments pertaining to women. At least I found it so by only taking two bottles. I had indigestion in a bad form and I am now feeling in the best of health and owe it all to Lydia E. Pinkham's Vegetable Compound."—Mrs. BURR WILLIAMS, R.D. No. 29, Newfield, N. Y.

Many women suffer from that "all gone feeling" and "feel so faint," while doing their work. Ten chances to one their digestive system is all out of order. A tablespoonful of Lydia E. Pinkham's Vegetable Compound after each meal should completely remedy this condition in a few days.

# NEWS BUDGET FROM TALBERT

TALBERT, June 8—I. W. Lee and family, Jess Davis and James Mayberry motored to San Pedro, Sunday and spent the day.

Howard, the little son of Mr. and Mrs. Cris Hayes, is able to be out with his playmates again.

Mr. and Mrs. J. T. Talbert and Mrs. Betty Carter of Long Beach, and Mr. and Mrs. J. B. Irvine of Huntington Beach, were visitors at the Talbert ranch Sunday.

Misses Mary Mueller, Velda Lamb and Marie Collins enjoyed the school party given by Miss Mead at her home in Santa Ana, Saturday.

Earl and Walter Lamb and their families, Mr. and Mrs. Resh of Villa Park, and Mr. and Mrs. Orton of San Juan, enjoyed the day at Orange County Park, Sunday.

Ray Kanawyer of Fresno, spent a few days in this vicinity this week.

S. Nau, who owns a farm near Talbert, paid a business visit in this vicinity Monday.

The Lamb brothers, Walter, Hugo and Earl, made a trip to San Jacinto this week.

Mr. and Mrs. A. S. Moody's daughter and husband, J. Howard of San Diego, have visited here this week. They contemplate making their future home at Bakersfield, engaging in the laundry business.

Robert Wardlow is on the sick list this week.

The Queen Esther Circle will meet at the church next Wednesday afternoon, at 2 o'clock. All the ladies of the community are invited to attend.

J. W. Shrode and C. C. Hurley, uncle and cousin, respectively, of Mrs. S. E. Talbert, and Mr. Hurley's family, paid the Talbert family a visit, from their home in Long Beach today.

Frank Burke and Henry Harper went on a pleasure trip to Little Bear lake Saturday, returning Sunday.

Mrs. Jess Davis and Mrs. H. Barbee made a business trip to Santa Ana Wednesday.

The American Beet Company has rebuilt concrete piers and a concrete foundation for their scales. S. E. Talbert has teams and men filling in around them, getting ready for beet hauling.

S. E. Talbert has finished plowing for Blaylock and Gardner and is now plowing twenty acres for S. Shimasaki, two feet deep for celery.

A HACKING COUGH WEAKENS THE SYSTEM

Don't suffer with a hacking cough that has weakened your system—get a bottle of Dr. King's New Discovery, in use over 40 years, and benefiting all who use it: the soothing pine balsam with tar heat the irritated air passages—soothe the raw spots, loosen the mucous and prevent racking the body with coughing. Dr. King's New Discovery induces natural sleep and aids nature to cure you.

For best service to Newport and Balboa take Crown Stages.

# BEACH LIGHTING ONE OF REAL SPLENDOR

SEAL BEACH, June 9.—A seven-mile lighting system representing an investment of \$35,000 has just been completed by the Southern California Edison Company for Seal Beach. The system includes a substation at the outskirts of the town, with feeders installed along the ocean front. The high-voltage wires of the system enter the city from the north, extending from the Los Alamitos system, six miles away.

The lighting system for the city includes fifty type "C" street lights, with the latest improvements, including refractors and reflectors. An ornamental lighting system is provided for Ocean avenue, the city's main thoroughfare.

The power for the lights is furnished from a powerful 100-kilowatt generator installed on the "C" structure on the end of the pleasure pier, from where the fifty scintillators throw out a rainbow color scheme through colored glass.

Two immense sunbursts burning 450 incandescent lights have been posted at the entrance of the pier at Main street.

# FAMILY REUNION IS HELD AT FOLFE HOME

GARDEN GROVE, June 8.—A very happy family reunion was held at the home of Mr. and Mrs. George Rolfe of Garden Grove on June 4.

Mrs. Rolfe had prepared a bountiful dinner and her hospitable dining room presented an inviting appearance to the hungry guests whose appetites had been sharpened by long rides from Pasadena, San Pedro, Anaheim and Santa Ana.

Mr. and Mrs. Stevens, Mrs. Rolfe's brother and wife, of Pasadena, and Mr. and Mrs. Tony Nelson of San Pedro, Mrs. Julia A. Garrison and Mr. Anson Stevens of Santa Ana, sister and brother of Mrs. Rolfe, Mr. and Mrs. C. A. Reeks, Miss Gladys Reeks, Frank and Harold Reeks, all of Anaheim, and little Miss Estella Schlesinger of Santa Ana, were dinner guests.

Tony Nelson happily entertained with many vocal selections. Mr. Nelson has a fine tenor and his singing is always greatly enjoyed. Mrs. Nelson presided at the piano and joined in duets with her husband. In the late afternoon, Mr. Reeks and Mr. Rolfe invited the company for an automobile ride to Anaheim and other points in the county.

Before separating for their respective homes Mr. Stevens spoke feelingly of the beautiful day all had enjoyed together and expressed the hope that another such reunion might be had before any member of the company, most of whom are well along in years, should be called from the scenes of earthly life.

# SANTA ANAN BUYS AN ORCHARD AT ORANGE

ORANGE, June 9.—A. L. Whiteman's three-acre orchard in the Spotts Villa tract on North Batavia street, was sold Wednesday at a cash price of \$6600, or \$2200 an acre. The purchaser is Otto G. Kau of Santa Ana, who is assistant superintendent of the Anaheim sugar factory.

The ranch consists of four-year-old Valencia trees with no buildings. Mr. Kau, who came here from Michigan a short time ago, contemplates building a fine home on the property soon.

# How The People Would Vote Today If They Could

## THOUSANDS CAST VOTES IN PRESIDENTIAL STRAW BALLOTING

Results of Nation Wide Poll, In Which This Newspaper and Five Hundred Others Participated.

APPENDED will be found the result of the nation wide presidential straw vote polled by the American Press Association which was conducted in this section by this newspaper and in which about 500 other newspapers took part. There was the widest interest in the vote, and the expressions of opinion from all parts of the country are particularly interesting at this time. Not in years has there been such a tremendous amount of speculation in the outcome of the national election.

**Comment by the Voters.**  
In the ballots received by the various newspapers are interesting bits of comment by the voter. Referring to Mr. Wilson, one voter says:  
"Never swap horses crossing a stream."  
Another says:  
"He should be re-elected because he kept off war."  
Still another observes:  
"One good term deserves another."  
Following are comments of voters on Mr. Roosevelt:  
"The man of the hour."  
"I like him because of his firm stand on preparedness."  
"The greatest Roman of them all."  
Of Mr. Hughes the following comments were made:  
"He has a judicial mind."  
"He is clean. His judgment is sound."

**Many Favorite Sons.**  
In the returns received up to the time of the closing of the contest former President Roosevelt received a total of 16,262 votes; President Wilson, 14,944; Supreme Court Justice Hughes, 12,900.  
While it is generally agreed that President Wilson will be unopposed for the Democratic nomination, some expressed a preference for another candidate. William Jennings Bryan got 99 votes, while Champ Clark received 632.

Hon. Theodore E. Burton of Ohio, the straw vote shows, is the choice of 3,890, running ahead of former Senator Elihu Root of New York, who received 1,231. Senator Albert B. Cummins of Iowa also received more votes than Mr. Root. The poll shows that he is the choice of 1,332 voters.

**Percentages of the Vote.**  
Well up on the list are Henry Ford with 957 votes, Senator Lawrence Y. Sherman of Illinois with 953 and Senator John W. Weeks of Massachusetts with 902. Senator Warren G. Harding of Ohio, who will be temporary chairman of the Republican convention, received 276 votes. Allen L. Benson, the Socialist candidate, received 120 votes.  
The percentages of votes for the different candidates received by the newspapers and sent in in time to be included in this article follow:

**California.**  
The Index, Newman—Wilson, 38 per cent; Roosevelt, 38 per cent; Hughes, 22 per cent; Ford, 2 per cent.

**ORDINANCE NO. 137.**  
The Board of Supervisors of the County of Orange do ordain as follows:  
SECTION 1. It is hereby declared unlawful for any person to deposit or leave rubbish or trash upon or about any camping place or public grounds in the county of Orange, state of California.  
SECTION 2. Any person who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than One Hundred Dollars, or by imprisonment of not more than one hundred days, or by both such fine and imprisonment.

**SECTION 3.** This ordinance shall take effect ninety days after its passage, and before the expiration of said ninety days shall be published, with the names of the members voting for and against the same, for at least one week, in the Santa Ana Daily Evening Register, a newspaper of general circulation published in the county of Orange.  
Signed by the chairman of said Board of Supervisors, this 7th day of June, 1916.  
(Seal) T. B. TALBERT,  
Chairman of the Board of Supervisors of the County of Orange.

**W. B. WILLIAMS.**  
Clerk of said Board of Supervisors.  
Names of Supervisors voting for said Ordinance: Leck, Smith, Schumacher, Struck and Talbert.  
Names of Supervisors voting against the same: None.  
State of California,  
County of Orange—ss.  
I, W. B. WILLIAMS, County Clerk of the county of Orange, state of California, and ex-officio Clerk of the Board of Supervisors thereof, do hereby certify that at the regular meeting of the Board of Supervisors of Orange County, held on the 7th day of June, 1916, at which meeting there were present Supervisors H. E. SMITH, T. B. TALBERT, W. M. SCHUMACHER, FRED W. STRUCK, JASPER LECK, and the Clerk, the foregoing ordinance, consisting of three sections, was considered section by section and each section separately considered, and the said ordinance was thereupon then passed and adopted as a whole by the following vote to-wit:

**AYES:** Leck, Smith, Schumacher, Struck and Talbert.  
**NOES:** None.  
**ABSENT:** None.  
IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the Board of Supervisors of said Orange County, this 7th day of June, 1916.  
(Seal) W. B. WILLIAMS,  
County Clerk and Ex-officio Clerk of the Board of Supervisors.

**NOTICE OF BOND ELECTION IN TALBERT DRAINAGE DISTRICT.**  
NOTICE IS HEREBY GIVEN to the qualified electors of Talbert Drainage District in the County of Orange, State of California, that under and in accordance with the provisions of an act of the Legislature of the State of California entitled, "An act providing for the organization and government of drainage districts for the drainage of agricultural lands other than swamp and overflowed lands, and to provide for the acquisition or construction thereof of works for the drainage of the lands embraced within such districts," and approved March 20, 1903, a special election will be held in said district on Saturday, July 1, 1916, at which will be submitted to the electors of such District, the question whether or not the bonds of said District shall be issued in the amount of \$20,000.00 for the purpose of constructing necessary conduits, drains, sluices, water-gates, embankments and all works necessary for the purpose of draining the lands of said district, and acquiring the property and necessary rights therefor.

Said bonds shall be one hundred in number, all of which shall be of the denomination of \$200.00 each, and shall be numbered consecutively from one to one hundred inclusive, shall be serial in character; all of said bonds shall bear interest at the rate of 6 per cent per annum, payable semi-annually on the first day of January and the first day of July of each year until paid; principal and interest payable in gold in the United States at the office of the Treasurer of Orange County, in the Court House in the City of Santa Ana, State of California; 5 bonds for \$200.00 each, numbered from 1 to 5 inclusive, and being 5 per cent of the whole number of said bonds, shall be payable on the 1st day of January, 1923; 6 bonds for \$200.00 each, numbered from 6 to 11 inclusive, and being 6 per cent of the whole number of said bonds, shall be payable on the 1st day of January, 1924; 7 bonds for \$200.00 each, numbered from 12 to 18 inclusive, and being 7 per cent of the whole number of said bonds, shall be payable on the 1st day of January, 1925; 8 bonds for \$200.00 each, numbered from 19 to 26 inclusive, and being 8 per cent of the whole number of said bonds, shall be payable on the 1st day of January, 1926; 9 bonds for \$200.00 each, numbered from 27 to 35 inclusive, and being 9 per cent of the whole number of said bonds, shall be payable on the 1st day of January, 1927; 10 bonds for \$200.00 each, numbered from 36 to 45 inclusive, and being 10 per cent of the whole number of said bonds, shall be payable on the 1st day of January, 1928; 11 bonds for \$200.00 each, numbered from 46 to 56 inclusive, and being 11 per cent of the whole number of said bonds, shall be payable on the 1st day of January, 1929; 12 bonds for \$200.00 each, numbered from 57 to 69 inclusive, and being 12 per cent of the whole number of said bonds, shall be payable on the 1st day of January, 1930; 13 bonds for \$200.00 each, numbered from 70 to 84 inclusive, and being 13 per cent of the whole number of said bonds, shall be payable on the 1st day of January, 1931; 14 bonds for \$200.00 each, numbered from 85 to 100 inclusive, and being 14 per cent of the whole number of said bonds, shall be payable on the 1st day of January, 1932.

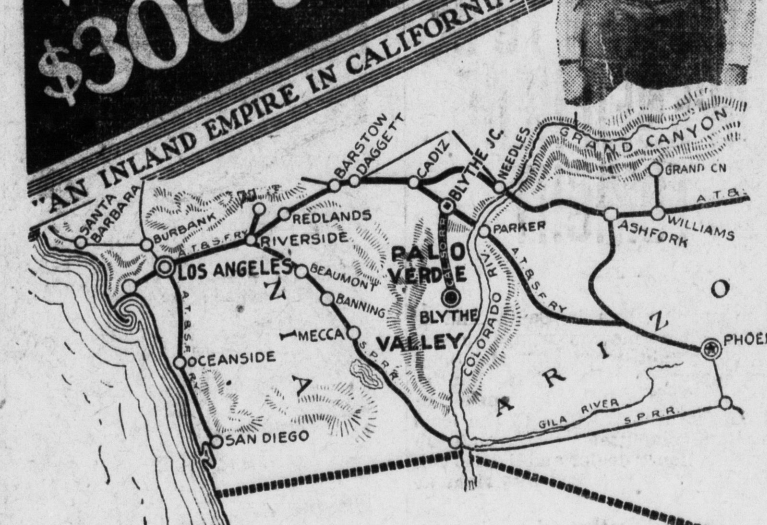

At said election the ballots shall contain the words, "Bonds—Yes," or "Bonds—No," and the polls must be open at 9 o'clock a. m. on July 1, 1916, and kept open until 4 o'clock p. m. of the same day, when the same must be closed. The polls must be open for the purpose and at the time set forth in the foregoing, at the following places:  
For precinct or division No. 1 of said Talbert Drainage District, the polling place shall be at the Fountain Valley School House.  
For precinct or division No. 2 of said District, the polling place shall be at Swift's Garage at Talbert.  
For precinct or division No. 3 of said District, the polling place shall be at Leo Borchard's Garage.  
And the following named persons have been appointed inspectors, judges and clerks at said election, to hold, conduct and make returns of said election as required by law, to-wit:

**For Precinct or Division No. 1 of said Talbert Drainage District:**  
Inspector, H. L. Harding.  
Judge, W. F. Swift.  
Clerk, H. Y. Evans.  
**For Precinct or Division No. 2 of said District:**  
Inspector, Robert Gistler.  
Judge, Charles Ward.  
Clerk, Joseph Parsons.  
**For Precinct or Division No. 3 of said District:**  
Inspector, Ruben Farnsworth.  
Judge, Sam Gistler.  
Clerk, L. J. Bushard.  
S. E. TALBERT, President.  
S. W. PRICE,  
LEO BORCHARD,  
Directors of Talbert Drainage District, Orange County, California.

**"I believe my Palo Verde Land will soon be worth \$300 an acre."**  
C. C. WELSH  
"AN INLAND EMPIRE IN CALIFORNIA"

Mr. Welch says:  
"When the railroad is completed my land will be worth \$300 an acre. Here is the place to come and make money. Nature works harder for a man here than any other place I know of. I studied farming conditions in several states, but found nothing as good as Palo Verde Valley."

**"Double-Crop Land"—Perpetual Gravity Water Right**  
**\$100 Per Acre**  
25% down; balance 1, 2 and 3 years; special terms to actual settlers

We are going to convince every farmer in the State that if he doesn't get a "slice" of Palo Verde Valley he is going to miss the best land and water opportunity that California has ever offered or ever will offer again.  
We can publish statement after statement over the signatures of well-to-do Palo Verde Valley ranchers. These men tell why they have chosen this evergreen, little-known valley when they could have bought anywhere else in the state. They have made money here even without direct railroad facilities. Has any other valley in California such power of attraction?

Go and see this wonderful green "oasis" in Riverside County. See what eight engineers state is the best water right in the Southwest. See what "double-crops" and ideal stock raising conditions have done for farmers—even with a 42-mile haul to the railroad. See the great Hauser Packing Co. ranch—see the Carl Raab (of L. A. Creamery Co.) property.  
Judge for yourself what the California Southern Railroad (nearly completed) will do for the valley.  
Call or write for booklet containing statements by Palo Verde Valley ranchers—teeming with pictures of every industry in the valley.

## Why Take A Gambler's Chance with Your Money

Don't you know that almond growing is one of the easiest, quickest, most profitable (if you select the right locality) orchard crops in the state of California?

Do you know that according to government reports, our consumption of nuts is increasing 15 per cent per annum? That 85 per cent of the almonds we consume are imported from Spain, Italy and France? That California produces 98 1/2 per cent of all the almonds produced in the United States?

Do you know the almond territory is more limited in area than that of the English Walnut and that Paso Robles Almonds are awarded the Gold Medal and a Bronze Plate for quality at the St. Louis Exposition? Don't you know that the TEMPLETON-PASO ROBLES district is being recognized as the coming almond district of the State? That many, many thousands of trees are being set out in this territory? In fact there is an almond boom here.

Would it interest you to know that young orchards there are producing \$50.00 per acre in their third year?

Let me tell you more about the almond, because you can't get the ALMOND STORY IN A NUT SHELL!

Then there are so many other interesting facts about the Templeton-Paso Robles country that you should know, that I am sure if you drop me a one cent postal with your name and address plainly written the booklet I will send you will give you much valuable information.

## Protect your Buildings against Fire!

See to it that the roof is as permanent as the foundation, because the roof is just as important.

Put on a roof that cannot burn under any kind of a fire test; that cannot leak, no matter what the climatic conditions; that will keep your buildings cool in summer and warm in winter.

The only roofing that fulfills these requirements is

## J-M ASBESTOS ROOFING

Made of Asbestos (stone) fibre and genuine Trinidad Lake Asphalt, it is practically indestructible. It is as permanent as the rock foundation you build on, and defies weather, time, fire, gases, chemical fumes, etc.

No skin coat of paint or gravel surface to wear away. No painting bill or repair bill.

Its first cost is the only cost.

Write or call for Samples and Booklet.

## LOS ANGELES PRODUCE MARKET

Although the Imperial Valley will produce an exceptionally large crop of cantaloupes this season local dealers claim that there is no chance of a glut or the flooding of the market with poor melons, as was the case in previous years.

There were few price changes of importance in the produce market yesterday. Tomatoes are much easier at 75 to 85 cents a crate, and green beans are also slightly cheaper. Some fine bell peppers are expected here within another week from the district around Fresno. Figs are temporarily scarce, and spot stocks are bringing a premium.

**CURRENT PRICES**  
[The following market prices on poultry, eggs, fruits and vegetables are compiled daily for the Register, based on the quotations prevailing on the Los Angeles produce exchange for the business day preceding. Every effort is made to keep these quotations accurate and down to the latest possible available figures.]

**EGGS**  
Fresh ranch eggs, case count, 24; candied, 26¢; 28¢; northern fresh extras, L.O.B. San Francisco, 25¢.

**BUTTER**  
Butter—Creamery extras, 27¢ per pound; firsts, 25¢. The selling price of the trade is 4 cents higher than the quotations.

## CITRUS FRUIT

Navels, fancy, \$2.00/2.25; Valencia, 2.75/3.  
Lemons, \$2.00; packed, \$2.50; Juice, \$1.50; grapefruit, \$2.50/3.00; limes, \$1 basket.

spraying; all work guaranteed. Residence 511 Garney St. W. H. Smith.

## Business Opportunities

### CIGAR STAND FOR SALE—Good, steady

trade. 207 West Fourth St.

## CLEANING NOTES

When cleaning glass screens and windows on the car it is best to use a clean leather damped with water and having just a dash of methylated spirit on it, polishing off with a clean soft cloth. Care should be taken to keep the spirit away from varnished windows frames, if it attacks the varnish and dulls the finish. If one of the non-greasy metal polishes is used for the brasswork, the same cloth which is used for finishing off the brass will also be found most effective on glass, being more or less charged with chalk from the polish. Always keep grease, kerosene, etc., away from the windows and screens if it is desired to avoid trouble in cleaning them. Steps, mats, etc., of rubber or aluminum should be scrubbed with warm water and one of the household cleaning powders. The soap powders must be kept from the paintwork, however, and should be well hosed off to finish before drying.

## When cleaning glass screens and

windows on the car it is best to use a clean leather damped with water and having just a dash of methylated spirit on it, polishing off with a clean soft cloth. Care should be taken to keep the spirit away from varnished windows frames, if it attacks the varnish and dulls the finish. If one of the non-greasy metal polishes is used for the brasswork, the same cloth which is used for finishing off the brass will also be found most effective on glass, being more or less charged with chalk from the polish. Always keep grease, kerosene, etc., away from the windows and screens if it is desired to avoid trouble in cleaning them. Steps, mats, etc., of rubber or aluminum should be scrubbed with warm water and one of the household cleaning powders. The soap powders must be kept from the paintwork, however, and should be well hosed off to finish before drying.

## A small quantity of kerosene, say

about a cupful, added to a bucket of water when washing the lower parts of the car, will help to remove grease and mud from the shackles, etc. After the first gloss of a newly varnished car has disappeared it is of benefit to use the same mixture of kerosene and water occasionally on the more highly varnished portions of the bodywork. It is certainly to be preferred to soap and water, which is often used by owners and inexperienced chauffeurs. Gasoline should never be used on varnish to remove grease.

## When one has the front axle jacked

up for washing the wheels the opportunity should be taken to give the steering greasers an extra turn or two, as the weight being off the wheels the grease then has a chance to get between the bearing faces of the steering pivots. An occasional grease cup of thick gear oil is beneficial to these bearings, and helps to clear the stale grease out. Never use the hose with any force where water is likely to be driven into a bearing, as water will quickly ruin any ball race and balls. If any particular bearing is found to be liable to the ingress of water, one-eighth part of lard oil added to the lubricant is the best means of keeping the bearing in good condition.

## RATTLE IN SHACKLES

Spring shackle play or looseness between the spring end and the shackle may give much annoyance until discovered. Rattling caused by this looseness will be more frequent and distinct when the car is riding over fairly rough roads. A good method of taking up the play is to place shims between the spring end and the shackle or the play may be removed by tightening the spring bolt. Watch the

## REMOVING CYLINDERS

When removing or mounting cylinders one person should handle the cylinder and another take care that no injury is done to the pistons or rods. The rods can easily be sprung out of true if the cylinder is not lifted off straight.

chances of advancement, by young man of 22; no bad habits; local references; considerable practical business experience. Will go out of town. Fair wages to start. Address W. Box 89, Register, for interview.

# Young Men's Graduation Suits

You will find the vigorous kind in our store, not the feeble attempts at young men's style that get across under cheap prices and a suave salesman's salve.

## WARDROBE CLOTHES

stand out pre-eminently as young men's clothes of character. Their designers know that you young chaps want the waistline on your coat to be high and set off your shoulders. They know you want that free-and-easy athletic appearance in your clothes, and you get it in a Wardrobe suit. The Beaufort, a very desirable young man's suit is shown here. We have it in all the new stripe patterns. Incidentally, we wish to inform you that we have a fine assortment at

**\$15, \$20 and \$25**

117 East Fourth St.

## Modern Music and Modern Noise

By Ruth Deardorff Shaw, in Pacific Coast Musician.

So much of "modern music" has been written of late, and so much of "modern noise," that, to a public educated along the better known harmonies of absolute music the word "modern" conjures up all sorts of weird imaginings and adventures into the unexpected realm of overtone harmonies. This confusion has, no doubt, been brought about by those ever striving for the newest thing. These extremists, having become interested in the creation of something never before conceived, have left out that one essential, music, and succeeded in producing a series of dissonances which mathematically have value, but musically, none. However, such gross conceptions should not prejudice the public against all things modern, but instead make them realize the necessity for discrimination and the ability to understand the art of modern music.

Space would not permit a discussion of so broad a subject in a general way, embracing so many schools, but feeling the strong appeal made by the French, especially in a pianistic way, this article will treat of the values of modern French idealism. By many, this manner of composition would be designated "impressionistic," making music comparable with the art of painting and closely following the terms of the latter.

## Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

According to the Century dictionary, the word "impressionism" implies, first of all, impatience of detail. Used as a term descriptive of art, it is correct, this school aiming to present on canvas the first impression that the eye receives, lacking detail and giving much to the picture that is not clearly defined. It is only natural, then, that this new music, following its sister art and departing from the more common form of writing, would appear vague upon first hearing, and be styled "impressionistic." On the contrary, the greater part of it is worked out in minute detail, giving an exact reproduction of the picture in tone. If vague at all, it is so rather in musical form than in expression. Apthorp, in his chapter on impressions, goes further and calls Handel the great musical impressionist, because of his lack of detail in text. Yet his cue for a simple bit of extra musical suggestiveness makes the idea contained the central point of the musical picture, the remainder being worked out in form but not in thought.

It would seem, then, that the aim of modern music is rather "tone, photography" than "impressionism."

To Claude Debussy unquestionably belongs the credit of discovering new expressions for musical thought. However, his art is not the product of a freak mind, as so many would think it, but the outgrowth of an exceptional education till maturity, entirely within the bounds of Bach, Beethoven and Mozart. But the oversensitive "color" nature of Debussy, combined with an exceedingly vivid imagination and assisted by an exhaustive study of overtones, made it possible for him to produce in musical tone that which would psychologically influence the hearer and make him see the picture suggested. These fundamentals of modern program music have been overlooked by so many writers and imitators, some of whom have even succeeded in producing most interesting combinations musically and technically, but have failed to appeal to any other sense than the auditory. Debussy's music lifts one to the psychological plane, causing most unusual and pleasurable sensations, aside from the mere joy of listening to a melody. This is why Debussy's art is so subtle, and explains the difficulty so many seem to find in interpreting his works. Nor does an appreciation of the newer things necessarily mean the letting go of the old that have stood the test of study for years, but rather a broadening out of imaginative understanding and a greater demand for versatility.

This fascination for the picture music also has one great danger. Taken alone and without the balancing material of the old school, founded upon taste and solid rules of harmony, the effect produced upon the interpreter is one of mental depression, due to the high tension of the nerves in the effort to produce the entire picture suggested by the composer, as if thrown upon a screen, but depicting tone instead of color. These pictures and images, or examples and impressions, give to us something never before attempted in music. In the old school, imitation was used rather than suggestion. For example, if the cuckoo was heard, it was as near an absolute imitation as could be given, but aside from the few reproductions in this way the composition did not carry out

the thought suggested by hearing the cuckoo, as one would imagine the setting for a pastoral to be; rather it was a return to the thematic development of the study. The composers of the modern school lay aside all rules hindering free expression and taking a subject which will suggest a picture, produce in tone a picture so vivid that to those who can receive it the experience is not to be forgotten. Debussy must be studied to be understood, and to be understood is to be appreciated and embraced. We do not expect to understand or appreciate Shakespeare at a first reading or without a love for the beauty or the ability to interpret; yet we do not say because of our own deficiency that we do not love Shakespeare. To those with a fine sense of discrimination these "wonderful paintings in tone are unending in their appeal; to those with a desire to understand and a willingness to work there is an entirely unexplored field awaiting them.

So many demands are made upon the technique of the interpreter that have never before been introduced, that a study for effects is necessary. Debussy seems to eliminate the spectacular from his works—all the excessive noise. Yet, taking the skill necessary for such pyrotechnical display, boiling it down, as it were, until the fluency, delicacy and control accomplished only through massive playing and by conception remains, coming it thus with a subtle use of the peal and blending of tone rarely ever exceeding a forte, then shading so minutely that the picture does not grow wearisome.

Having accomplished all this, the player must, as far as possible, imagine the picture as Debussy saw it. Yet how few make the effort to understand

## WHAT A WOMAN OF OUR NATIVE STATE SAYS.

Oakland, Cal.—"For the past 25 years we have used Dr. Pierce's Favorite Prescription, and Golden Medical Discovery and the Pleasant Pellets. We have always kept them in our house. I have taken all of them; they kept me from having any serious trouble. I have recommended these remedies to all our neighbors and friends. Any family is safe with Dr. Pierce's medicines in the house."—MRS. MARTHA JESS, 1410 W. 9th St.

The use of Dr. Pierce's Favorite Prescription makes women happy by making them healthy. There are no more crying spells. "Favorite Prescription" cures inflammation and female weakness. It makes weak women strong, sick women well.

Like an open book, our faces tell the tale of health or disease. Hollow cheeks and sunken eyes, listless steps, sleepless nights—tell of wasting debilitating disease some place in the body. It may be one place or another, the cause is generally traceable to a common source. Get the "Prescription" to-day—either in liquid or tablet form—if you want to better your physical condition speedily. Dr. Pierce's Pellets regulate stomach, liver and bowels.

what is meant, and after a futile attempt to realize the new harmonies, decide that Debussy is quite ambiguous, entirely lacking in melody and altogether impossible.

As an illustration of a Debussy number more generally heard but little understood, is his "Jardins Sous La Pluie," or "Gardens in the Rain." It was surely a lovely garden to suggest such beauties of tone and effects for color. A study of the old world gardens would greatly enlighten most American students as to how this particular "garden in the rain" might appear. As it is heard in America one can fancy only a thunderstorm and can scarcely refrain from asking what has become of the garden. Yet Debussy's efforts are indicated by "piano" and "pianissimo" during the greater part of the composition. The scene opens with a gentle falling of soft rain, in subdued monotone. The wind blows a little; the flowers are lifting up their heads, gleaming through the raindrops, refreshed. Beyond the flower beds on the terrace, the rain falls in pools of the water garden, and, overflowing, forms tiny rivulets running down into the deeper pools below. The wind ascends, rising crescendo, to a perfect shriek, followed by a pouring down of water. Then all is calm; a mist still falls, but so softly that as you listen you hear the raindrops falling from the eaves of the casino, and singing a little tune on the tin pipe below. The statues in the garden stand gleaming through the shower; the century-old trees shake themselves in the wind and shed drops on every side. Softly, steadily, the wind is blowing, higher now. The clouds are moving! One more flurry of rain, a peal of thunder, then another, more distant. The little birds come out and chirp; a rainbow appears. Everything is agleam with diamond drops. The shower is over.

This is only one of the many paintings given by the greatest of all modern French composers. If one can understand his art, one can understand the others.

Maurice Ravel has given us many lovely things. So has Blanchet and Rhené-Baton, not to mention many others less prominent. But while they are beautiful in effect, they have not that subtle art which makes Debussy's music great—that mystery which, despite analysis, remains unsolved.

The music of today has turned a new page of musical history. It was first abhorred; it may now be said to be endured; it has still to be embraced. Like any new thing of value, it must undergo the public test of severe criticism before it can be fairly judged and take its rightful place. It makes no claim it cannot verify. It supplants nothing. It is a new departure, entirely sufficient unto itself. It makes its own appeal.

Let's help a good cause and join the open-air dance for the benefit of the Allied Red Cross Friday evening, Elks' band.

Dr. Jacobs, Santa Ana Painless Dentist, 102 1/2 East Fourth, Phone 253.

## NOTICE

On April 1 we will be compelled to advance coffee TEMPORARILY as follows:

Good coffee, 21c; guaranteed as good as 30c or 35c.

Best 25c coffee, guaranteed as good as 40c or 55c.

Old Prices Good till April 1st.

Pacific Coffee Co. Cor. Third and Spurgeon.

## PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, June 9.—Honoring Miss Lena Miller, who will be a June bride, the Erholungstunde Club gathered Wednesday at a pretty miscellaneous shower at the home of Mrs. Carl G. Jörn on South Grand street.

Very handsome decorations beautified the rooms. The living room was in a red and green color scheme while the dining room was a charming arrangement in yellow and white. Dainty refreshments were served after a pleasant afternoon of sewing. A feature was the large and beautiful array of gifts received by the bride-to-be.

Those present were Mesdames William Batterman, R. Precht, M. Eltiste, F. Volberding, E. Loescher, A. Dittmer, E. Craemer, E. K. Weiss, Meyer, Wagner, Jörn, J. Blank, William Priess, F. Grumm; Miss Emma Wyneken and Miss Lena Miller.

The Veteran Rebekahs met with Mrs. Annie L. Bush of Shafter street and Laveta avenue Tuesday, passing a very pleasant afternoon. The Bush home was prettily decorated with Shasta daisies, roses and carnations and delicious refreshments were served. The usual good attendance was present.

H. H. Campbell, formerly principal of Center street school, is visiting Orange friends. He has accepted a position to teach in Huntington Beach next year.

Miss Mary Himmelein will leave today for Phillipsburg, Kan., stopping en route for a visit of several days at Billings, Mont.

C. J. Overshiner is acting secretary of the Orange Building and Loan Association during the absence of U. D. Rhodes.

## PROPERTY OWNERS ASK CHANNEL STRIP

ANAHEIM, June 9.—A regular meeting of the directors of the Anaheim Union Water Co. was held June 3.

A committee representing a number of property owners west of Placentia avenue, along Orangeflower avenue, appeared before the board and stated that a proposition was under head to form a protection district along the line of the old sand wash from Placentia Ave., to New River and they wanted a right of way through the A. U. W. Co.'s property, 70 feet wide. This the board agreed to give provided the district is formed and the location of the channel acceptable to the board.

The request of H. Peeler to make a connection with the Placentia avenue ditch was referred to the ditch committee.

A communication was received from G. W. Sherwood recommending the acceptance of the siphon at Deep Gate recently installed by the Western Reinforced Concrete Pipe Co., and on motion duly seconded the siphon was accepted subject to the tests and guarantees provided in the contract.

A communication from James Sleeper regarding title to a certain piece of property in the Shorb Tract was referred to Attorney Keech.

On motion duly seconded the following transfers of stock were granted: 10 shares from the Whittier Savings Bank, Pledge for Maggie L. Nofziger, 2 shares to C. J. Conly and 8 shares to Maggie L. Nofziger and 2 shares from W. W. Sheppard to Francis M. Dahl.

Long Beach round trip, 65c. Three round trips daily. Cap's Stage, 411 North Sycamore. Phone 399M.
